

EDDIE HANLON WON ON A FOUL

Willie Fitzgerald Hit Low in
The Seventh

THE SECOND OFFENSE IN THE
SAME ROUND.

The San Francisco Boy Had All the
Better of the Fight and
Would Have Won.

LOS ANGELES, Sept. 5.—Eddie Hanlon, of San Francisco, won from Willie Fitzgerald of Philadelphia to-night on a foul in the seventh round. When the foul was committed Hanlon apparently had Fitzgerald beaten. From the second until the seventh round Fitzgerald down with his terrible punches. Fitzgerald looked drawn and apparently had trouble in making the weight. After the first round he did not show much advantage, although landing many right and left blows on Hanlon's face and head. They were all lacking in force, however, and did not for a moment stop Hanlon in his continual forcing of the pace.

In the first round Fitzgerald had much the better of it, jabbing Hanlon repeatedly with his left and upper-cutting him with his right. Hanlon took them or blocked them and came back looking for an early knock-out at close range. In the second Hanlon went in close, using ripping body blows with both hands and forcing Fitzgerald to clinch repeatedly. The third was much the same, Hanlon taking half a dozen blows on the head in order to get at Fitzgerald's body. They mixed it fast and often, both swinging right and left on the body and face. Hanlon took Fitzgerald's jab on his gloves on the foot of his head, and whenever they came to close range he hammered away at Fitzgerald's ribs.

In the fourth Hanlon forced Fitzgerald to back up all through the round, taking light lefts on the face but doing effective work whenever he got inside the Eastern lad's long reach. There was much clinching and rough fighting in this round.

In the fifth Hanlon beat Fitzgerald about the body several times, forcing him to the ropes and once almost sending him outside the enclosure with terrific blows to the stomach. The sixth was also Hanlon's round. He had Fitzgerald very tired and just before the close drove him to the ropes, pounding the body and planting one good left spiking on Hanlon's body appeared to strike low.

In the seventh and last round Fitzgerald changed his tactics and when they came to close work endeavored to stand up and exchange body punches with Hanlon. He unintentionally struck Hanlon very low. Hanlon complained to the referee who warned Fitzgerald not to repeat the offense. Hanlon excused Fitzgerald and shook hands with him to show that there was no hard feelings. They came to the ring immediately. Hanlon forcing Fitzgerald to the ropes and hammering away at his ribs. Again Fitzgerald struck very low and Spider Kelly, Hanlon's second, promptly claimed a foul, which Referee Eylon as promptly allowed and declared Hanlon the winner.

In the opinion of those who were seated close to the ringside there was no doubt that Fitzgerald committed a foul. His manager, Johnie Reid, announced to the crowd in response to scattering cries of "foul" that if there was any foul about it in the opinion of the press of Los Angeles, he did not want a cent for Fitzgerald's part of the purse. Fitzgerald strenuously denied that he intended to foul Hanlon, and was very sorry that the fight had ended as it did.

There was a crowd of 3000 to see the fight.

Kid Solomon was given the decision over Terry Carey at the end of ten rounds, and Warren Zurbich knocked out Frank Fields in the seventh round.

CYCLONE DAMAGED TOWN AND PROPERTY ON VISAYAS ISLANDS

QUAM, Sept. 5.—The town of Sapain was badly damaged by a cyclone August 27th. The American naval collier Supply and the German steamer Mowe have been dispatched to the assistance of the inhabitants. The government house and a number of dwellings have been destroyed. The cocoanut groves have been badly injured and it will take two years for them to recover from the effects of the storm. There has been no loss of life and there is immediate need of assistance to the inhabitants of the town.

Sapain is a town of 4860 inhabitants in the province of Capiz, in the island of Panay, one of the most important of the Visayas group. There is a large export trade from this island principally manufactured fabrics, rice and copra.

RUSSIAN COLONISTS BOUGHT ESTATE IN LOWER CALIFORNIA

LOS ANGELES, Sept. 4.—The Rancho Guadalupe, comprising 13,000 acres of tillable soil and wooded lands in Lower California, has been sold to 104 Russian families through a Los Angeles agency. The emigrants propose to establish on their purchase site a Russian colony for the raising of stock and grains and the milling of cereals. Water is to be developed at considerable cost and a town laid out.

A number of the emigrants with their families already are in possession of the lands, though the transfer was not formally closed until today. The lands lie in the northern district of Lower California, where the climate is quite tolerable to common life and well adapted to the raising of stock and grains. Whether the expatriates purpose to renounce their allegiance to the czar and become citizens of Mexico has not been ascertained, but their intention is never to return to the land of their birth.

ENGAGED COUPLE DASHED TO DEATH FROM AN AUTOMOBILE

PHILADELPHIA, Sept. 5.—While en route from Atlantic City to Philadelphia today in an automobile, Neil Wolfe, secretary and treasurer of an automobile company of this city, and Miss Marie Hamill, his fiancée, and daughter of a wealthy German manufacturer, were thrown from an automobile on a bridge over the West Jersey and Sea Shore railroad near Atco, N. J., and hurled thirty feet to the tracks below. Miss Hamill was almost instantly killed and Wolfe died soon after.

Painters Strike in Philadelphia.
PHILADELPHIA, Sept. 5.—More than 2000 painters of this city went on strike today for increased wages and shorter hours.

WHAT ANTHRACITE MINERS DEMAND

RECOGNITION OF THE UNION WILL
BE ASKED FOR.

Eight Hour Day, Increase of Pay and
Uniform Scale—John Mitchell
Reticent.

PHILADELPHIA, Sept. 5.—John Mitchell, president of the United Mine Workers of America, was in this city today in his capacity as vice president of the American Federation of Labor to join with First Vice President Duncan of the federation and others in the settlement of a dispute involving type setters and printers. He will leave for Shamokin today. It can be stated on the highest authority that the convention of anthracite miners which will draft new demands for presentation to the coal companies on the expiration of the strike, commencing on April 1 next, will be held in Shamokin between December 5 and 10.

It was learned today that the Denver convention at Shamokin will make the following demands:

"First—A recognition of the miners' union by the operators, the recognition to take the form of a signed agreement.

"Second—The substitution of an eight hour working day for the nine hour work day awarded by the strike commission, which is now in force throughout the hard coal fields.

"Third—An increase in pay over the minimum wages now paid to men and boys who are now not contract miners, but are generally classed as unskilled labor.

"Fourth—A uniform scale of wages for workers, not actually miners, at all collieries.

"Are the members of the union so eager for the recognition of their organization and for an eight hour work day that they are prepared to precipitate a crisis if they are refused?" Mitchell was asked.

"I cannot answer that question. You see, the miners have not yet held their convention and it would be presumptuous for me to say in advance what they will not do."

ACTIVE VOLCANO IN SAMOAN GROUP

NEW MOUNTAIN CREATED ON
ISLAND OF SAVAIL.

Hills Reported Moving on Lava Foundations—Fertile Territory Will
Escape Destruction.

HONOLULU, Sept. 5.—The steamship Sierra, which arrived here today from Australia en route to San Francisco, reports a large volcanic outbreak on the island of Savail in the Samoan group, which, it is stated, is very extensive. The outbreak is ten miles south of Matutu and has created a new mountain estimated to be nearly 1000 feet high.

The lava flows from the base of this mountain a distance of several miles. Travelers report that five or six hills are moving apparently on lava foundations. Some have advanced several miles from their starting place, indicating a vast molten lava area beneath.

Ernest Neill and George Furlong, who visited the scene, say that many millions of tons of lava is solidifying on the surface. This will eventually stop their further progress which threatened much fertile territory. The natives have held gatherings and had decided to abandon the threatened towns, but having been assured that there is no danger of loss of life, they are settling down again.

TREATY OF PEACE FORMALLY SIGNED

Plenipotentiaries Concluded
the Momentous Pact

CEREMONY WAS ATTENDED BY
MERE FORMALITIES.

Text of the Treaty Obtained From An
Authoritative Source—Felicita-
tions Exchanged.

PORTSMOUTH, N. H., Sept. 5.—The treaty of peace between Russia and Japan was signed by the plenipotentiaries of the two empires at 3:37 p. m. today. On the instant of the consummation of the great historical act, a salute was fired at the United States Navy yard, on Kittery Point.

Witte, accompanied by Baron de Rosen and Planchon, left the hotel for the navy yard at 2:30 p. m. The rain which had been falling in torrents for half an hour previously, to this time suddenly ceased and the sun, which had not been visible for three days, shone forth.

Baron Komura, Minister Takahira and Demmon, the legal adviser of the Japanese envoys, left at 2:43 in an automobile for the navy yard. They were greeted by the guests of the hotel and the plenipotentiaries of the two nations in order to witness their departure. Bishop Henry C. Potter of New York was among the number.

Baron Komura, when he saw the sun, said smilingly: "It is a good omen for peace."

Baron Komura had been preceded by another motor car which carried Sato and the Japanese plenipotentiaries, taking their copy of the peace treaty in a large black leather portfolio.

Both Russian and Japanese plenipotentiaries on their arrival at the navy yard were received at the entrance of the building by Admiral Mead, while two companies of marines commanded by Major Moses rendered military honors.

The copies of the treaty of peace brought to the navy yard had been carefully compared by the plenipotentiaries of the two nations in order to avoid the necessity of reading them before the signing at which personages extraneous to the negotiations assisted. When the plenipotentiaries of the two nations entered the conference hall accompanied by Assistant Secretary Rogers, Governor McLane, Admiral Mead and the mayor of Portsmouth.

Witte, the chief of the Russian plenipotentiaries, was the first to sign his name to the treaty. After the ceremony of the signing of the treaty, Baron de Rosen delivered a short speech pointing out the importance of the event and the influence it will have in the relations between the two countries.

He then expressed the satisfaction felt at the good relations which characterized the work of the plenipotentiaries. Baron Komura replied, paraphrasing Baron de Rosen's speech and expressing his thanks for the kind words addressed to himself and to the members of his mission.

The entire Russian mission, headed by Witte, attended a thanksgiving service in Christ Episcopal church, by both American and Russian clergymen.

Witte and Baron Komura having expressed a desire to thank the five midshipmen who have served as boat-boys on the launches that have taken the members of both missions from their hotel to the navy yard, these officers called by appointment today to pay their respects to the plenipotentiaries. At 11 o'clock, Midshipmen J. J. Bagley, Ingersoll, Blackburn and Harrington called on Witte and Baron de Rosen, who thanked them for their faithful services and left with them good wishes for their future career. Witte took occasion to express his admiration for the American navy.

At an hour later the officers called on Baron Komura and Minister Takahira, where they received an equally cordial welcome. Baron Komura expressed officially his thanks for the services they have rendered his mission. These officers were especially selected from the battalions of the North Atlantic fleet and ordered to Portsmouth for duty in connection with the conference.

Witte and Baron de Rosen called officially on Governor McLane today and thanked him for the many courtesies received at his hands during the conference. Witte said he could say in the name of the emperor that his majesty was a true friend of the United States and upon his return to Russia, Witte said, he would tell the emperor of the friendly greetings the Russian plenipotentiaries had received everywhere. Witte added that he felt sure that the good relations between the two countries would be maintained and knit even closer under the regime of Baron de Rosen.

Later Baron Komura and Minister Takahira paid a similar call and thanked the governor for his kindness to them.

ST. PAUL, Minn., Sept. 5.—President J. V. Hill, of the Great Northern railroad, tonight received a telegram from Baron Komura, the Japanese peace commissioner, stating that he will be in St. Paul September 15th, as the guest of Hill. Hill will entertain the baron during his stay in St. Paul and the envoy will travel in the Great Northern president's private car. Baron Komura will sail for Japan September 20th.

MINISTER SAYS HE
IS NOT RESPONSIBLE.

Preacher Declares He Stole Horse
While Suffering From Epilepsy.

SAN JOSE, Sept. 5.—Rev. A. Wilbur Bloom, the Christian minister who is in jail charged with horse stealing, declares his crime is due to epilepsy. He is subject to epileptic fits, and during these periods is not responsible for his actions. Rev. Bloom's home is at Alameda, where his wife and child live. They visited him today at the jail.

QUAKER CITY ROLLS PURGED OF STUFFERS BY HEROIC METHOD

PHILADELPHIA, Sept. 5.—Under unusual conditions, the assessors of the 1109 election precinct in the city today began the extra session for the purpose of making corrections in the lists made up last May. Under instructions from Director Porter of the department of public safety, who acted upon the authority of Mayor Weaver, a policeman was stationed at each polling place to guard against possible fraud in the revision of the assessors' lists of voters. The policemen were aided in this work by representatives of the Democratic party and of the City party, a reform organization opposed to the methods of the regular Republicans. It is estimated by the police that nearly 50,000 names were stricken from the lists today.

Recently a house-to-house canvass of voters was made by the police, the Democratic and City parties, and at its conclusion Director Porter announced that the police had found more than 60,000 illegal registrations.

Hezekiah Butterworth Dead.
WARREN, R. I., Sept. 5.—Hezekiah Butterworth, author and historian, died here today of diabetes, aged 55 years.

HOW THE Y. M. C. A. IS PROGRESSING

INTERNATIONAL COMMITTEE MET
IN BRONXVILLE.

Work in Foreign Lands Has Made Wonderful Growth—Some Figures
of Home Work.

NEW YORK, Sept. 5.—One hundred members of the international committee of Young Men's Christian Association of North America and their forty-five employed secretaries, fifteen foreign secretaries at home on furlough and men about to take their posts as foreign secretaries, are holding a conference at Bronxville, a New York suburb. The number of secretaries in foreign lands now equals that in America and \$150,000 was raised last year for foreign work, twice as much as three years ago. New buildings are rapidly being erected in the larger centers of the Far East, the extension of the association buildings throughout the south and west has been notable, the gain last year having been nearly \$3,000,000 in new property. The state associations raised and expended \$240,000 and the international committee \$150,000, the local associations expending \$4,270,000 in their work. An advance of more than 100 per cent in membership the past five years has been shown in the Y. M. C. A. of America.

NOT TO BOYCOTT NEW ASSEMBLY

MOSCOW REFORMERS WILL TAKE
AN ACTIVE PART.

Prince Troubetskoy Says the Jews in
Russia Must Be Dealt With
Very Carefully.

MOSCOW, Sept. 5.—The executive committee of the zemstvo and duma congress adopted a resolution today not to boycott the national assembly but to encourage the Jews to take an active part in the election.

The resolution favors common action between zemstvo and urban authorities in preparation for the first elections, which indicates a probable alignment of the two elements in the electoral college.

Prince Troubetskoy, marshal of the Moscow nobility, in an interview, speaks highly of the national assembly project, saying it is an important step in the historical evolution of Russia, and a carefully prepared compromise between the demands of the different parties. The plan, he adds, is open to improvement but the pledge in the imperial manifesto shows the need thereof.

Discussing the Jewish question, Prince Troubetskoy says it must be approached with the greatest care. The removal of the restrictions on residence would be dangerous, in view of the backwardness of the Russian peasantry, as the residence of Hebrews among them would menace state interests. He concludes with rebuking the revolutionary activity of the Jews, declaring that it is the duty of every citizen to work for the pacification of Russia.

GEORGE ADE'S NEW COMEDY MAKES HIT IN WASHINGTON

WASHINGTON, Sept. 5.—George Ade scored another success at the Columbia theater with his new four-act comedy, "The Bad Samaritan," and a crowded house including many prominent persons in official circles cordially greeted the humorous situations. Henry W. Savage has given the production an elaborate adornment which receives general applause. The play depicts several American character types, giving all members in the cast an opportunity to contribute to the enjoyment of the audience.

Grief Caused Suicide.
SAN FRANCISCO, Sept. 5.—The body of Mrs. Emma Boss was found today hanging to a tree in the little grove in the rear of 617 A Mason street. Grief over the loss of her husband, who died recently, is given as the cause of the suicide.

PRESIDENT FIRED PUBLIC PRINTER

Upheaval Following Report
of Keep Commission

PALMER WOULD HAVE FIRED TWO
OTHER MEN.

Roosevelt Acted Promptly When He
Learned of the Rotten State of
Affairs.

WASHINGTON, Sept. 5.—Public Printer E. V. Palmer practically has been ousted from office. It was learned authoritatively tonight that President Roosevelt had demanded Palmer's resignation to take effect on the 15th inst.

The demand of the president for Palmer's resignation was due primarily to the latter's action in trying to force Oscar J. Ricketts, foreman of printing, and L. C. Hay, a foreman of division, out of the government printing office. Palmer asked for the resignation of Ricketts and Hay on the ground that they had been insubordinate. As soon as President Roosevelt learned of the situation that had developed he directed the public printer to forward to him his resignation to take effect in two weeks.

It has been known for some time that Palmer would not be reappointed to his present office. For several months before President Roosevelt left Washington for Chester Bay, he was looking about for a suitable man for the position of public printer. He offered it to John A. Bleicher, of New York, but he declined it, having something better in view. Until this time there has been no change in the situation.

The investigation made by the Keep commission into the letting of a contract for seventy-two Lanter typesetting machines for use in the government printing office, disclosed a serious condition of affairs in the management of the office, the office forces being divided into cliques. The cliques were so detrimental to the government service that the standard of efficiency in the establishment was reduced materially.

The evidence adduced by the commission in the course of its inquiry created much bitter feeling among men holding high positions in the office. One of the direct results of this feeling was the demand by Public Printer Palmer for the resignation of Ricketts and Hay. As the Keep commission inquiry has known, developed nothing to the disadvantage of Ricketts or Hay, the president acted promptly in taking the whole matter out of Palmer's hands and laying it in the hands of the Keep commission for such further investigation as might be necessary. Coupled with this action of the president was the demand on Palmer for his resignation.

With the incoming of Palmer's successor there is ample authority for the statement that he has not been selected yet, it is said, a thorough reorganization of the working forces of the government printing office will take place. Among the men mentioned in connection with the office are Oscar J. Ricketts, whom the public printer sought to remove; H. L. Brian, chief clerk of the office; William S. Rossiter, chief clerk of the census bureau, and John Leech, public printer in the Philippines. The office pays a salary of \$4500 a year.

DARING PROSPECTORS TO HUNT SCOTT'S MINE

Spentthrift's Mysterious Source of Supply Inspires Millionaire's Ambition.

GOLDFIELD, Nev., Sept. 5.—For the explicit purpose of discovering Walter Scott's famous mine, January Jones of Goldfield, who is reported to be worth \$1,000,000, made from the January mine and other ventures, has fitted out an elaborate expedition. He has hired two famous mining camp characters, Jack Dawson, who has had wide experience, and Alfred Peterson, who was with General Fremont in the Philippines, to make the quest for gold.

Before a large crowd which gathered at the south end of Goldfield, tonight the two men started on their perilous journey, a portion of which will carry them over Death Valley, which must be crossed before Rhyolite, their destination, is reached.

The pack train commanded by Dawson and Peterson consists of ten burros laden with water and compressed foods of all kinds. Tablets of soups and meats are to be given a thorough test during the trip.

It is generally believed here that Dawson and Peterson will discover Scott's mine, as both are expert prospectors. Should they find the mine they will stake all around it and give the news of their discovery to the world. It is thought that no great rush of adventurers will follow the prospectors who left tonight, as the treachery of Death Valley is well known here.

AMERICAN BELIEVES THAT RUSSIAN TRADE WILL RAPIDLY GROW

NEW YORK, Sept. 5.—Charles R. Flint arrived today on the Kaiser Wilhelm II from St. Petersburg. On the day of his departure the emperor granted him an audience at Peterhof. "I feel confident that Russia is about to enter upon a period of great industrial activity and I am satisfied that her policy is to encourage Americans to take part in the development of her enormous natural resources, comparable with those of the United States. Russia will undoubtedly reduce the duties on American products which will probably be the first step in that direction."

Fire Fighters Were Handicapped.
HAYDEN, Mont., Sept. 5.—The fire which had incendiary origin in Judge's restaurant about midnight, was finally stopped after a number of buildings in its path had been destroyed. The firemen labored under the disadvantage of having little water. The total loss is estimated at about \$30,000, nearly covered by insurance.

MILLIONAIRE RINDGE DISPOSED OF ESTATE BY HOLOGRAPHIC WILL.

LOS ANGELES, Sept. 5.—The will of the late capitalist, Frederick H. Rindge, of this city, disposing of an estate valued at \$22,000,000 was made public here this evening. Following Rindge's sudden death the statement was published that he left no will, but a copy of a holographic will, made out in the briefest possible form, was made public this evening. Under the terms of the document, Mrs. Rindge inherits the handsome Rindge home in this city, together with one-third of all real and personal property. The remaining two-thirds of the estate is willed to the three minor children. Most of the property is in Southern California and Eastern Massachusetts. Mrs. Rindge will continue her residence in Los Angeles and has announced that she will also continue the extensive philanthropies in which her husband was engaged.

ROCKEFELLER'S HAT STOLEN AT BAPTIST CHURCH

CLEVELAND, Sept. 5.—James J. Crove was arrested last night, accused of stealing John D. Rockefeller's silk hat from the Euclid Avenue Baptist church while the oil king was worshipping Sunday morning. Later Crove broke a window in the First Methodist Episcopal church and was crawling in when he was caught by the janitor. Crove pleaded not guilty and the cases were continued. The Methodist church janitor will appear against him.

Prisoner Removed for Safety.

BUTTE, Mont., Sept. 5.—J. F. Barnes, who shot Patrick Hanley, early Sunday morning to lynch whom a mob attempted to storm the Silver Bow county jail Monday morning and a second time early today, was today removed under guard to the state penitentiary at Deer Lodge, where he will be held until the popular agitation subsides.

GREAT SADIE MAC DIED ON TRACK

BROKE A BLOOD VESSEL IN AN EX-
CITING RACE.

Canadian Mare Yielded to the Great
Oak Trot.

HARTFORD, Conn., Sept. 5.—The opening day of the Grand Circuit races at Charter Oak park ended in a tragedy, when Sadie Mac, the Canadian Queen, dropped dead in the fourth heat of the \$10,000 Charter Oak trot, the classic event of the meet. She fell about 200 yards from the finish when making a desperate effort to regain a lead which she gallantly held until rounding the last turn.

Sadie Mac seemed to have lost her strength just at the period when her driver was urging her to do her best. She was exhausted and, dropping to the track, rolled over and died instantly. A veterinary surgeon attributed death to a broken blood vessel, and horsemen who had been watching her declared that she had acted strangely all the afternoon.

At the tragic climax, hundreds of men thronged on the track and when Miss Katherine Wilkes, the owner, who was in a private box, heard of the horse's death, she was deeply affected and left immediately.

The finish in the Charter Oak event was a heart-breaking one, the heavy condition of the track made it hard work for the horses. Darkness prevented the finish of the big event after Angiola and Zephry had each won two heats. A big crowd of 6000 was keyed up to a high pitch when the fourth heat was finished. Zephry was in great form in the first two heats, which were won in wrapping finishes, but tired under the strain and Angiola finished in front in the third and fourth in dashing style.

King Alfonso's Marriage Plans.
PARIS, Sept. 5.—A dispatch from Madrid to the Eclair maintains that despite denials, it is probable that King Alfonso will marry Princess Eugenie of Battenberg, niece of King Edward.

TIBURON ISLAND PARTY MISSING

BE INDIANS' VICTIM.

With Others He Started to Explore the
Island and Has Not Been
Heard From.

PHOENIX, Sept. 5.—Great uneasiness is entertained for the safety of Thomas F. Grindell, principal of the public schools at Douglas, who left that city about June 1, with one or more companions, for the purpose of exploring Tiburon Island, in the Gulf of California, which is inhabited by Seri Indians, said by some to be cannibals.

Grindell expected to be back in Hermosillo by July 20, and to arrive home by August 1, or 15th at the farthest. He has not yet been heard from and fears are expressed that he has been murdered by the Indians. His brother, E. P. Grindell, will leave tomorrow with a searching party to try and find him. He carries with him a letter from Governor Kibbey to the Mexican officials asking kind and courteous treatment.

Thomas Grindell was formerly a rough rider and later clerk of the Supreme court of Arizona and is well known all over the territory. The fact that the school season has arrived and he is not on hand, makes it almost certain some serious mishap has befallen him.

TARTARS ABROAD IN THE CAUCASUS

Massacres and Pillaging are
Growing Worse

REFUGEE ARMENIANS FLOCKING
INTO CITIES.

Pitched Battles Between Armed Bands
—Famine Adds to Horror of
the Situation.

ST. PETERSBURG, Sept. 5.—A dispatch from Tiflis received today says: The whole of the Southeast Caucasus is now terrorized by Tartars. Refugees are pouring in here from Baku, Elizabetopol and Sumkh. Details from Sumkh show that several engagements were fought between Tartars and Armenians behind regular positions and that part of the town was soon in flames.

According to an official estimate more than 200 houses were destroyed.

BAKU, Sept. 5.—Troops under the direction of the government are acting with the utmost vigor but they have not succeeded in restoring order although there is somewhat less firing. Armed rioters today attacked the oil works in the suburb of Balakhan and after a hot fight set fire to them.

Tartar bands are scouring the country, murdering and pillaging. The country is in a state of wild panic and houses and farms are being abandoned. The famine in many parts of the country renders the situation more terrible.

ST. PETERSBURG, Sept. 5.—The minister of finance has received a telegram from the governing committee of the bourse at Nishni Novgorod, urgently appealing to him to adopt immediately measures for the re-establishment of order at Baku.

ELIZABETPOL, Caucasus, Sept. 5.—Sanguinary fighting has taken place between Tartars and Armenians in the village of Khankend.

There is great alarm here. All the Armenian shops are closed and troops are patrolling the streets day and night.

KUTAIS, Caucasus, Sept. 5.—A conflict between nobles and peasants took place today in the village of Ghandi. Eleven persons were killed or wounded.

RIFLE MARKSMEN MADE GOOD PROGRESS AT SEAGIRT RANGE.

SEAGIRT, N. J., Sept. 5.—Excellent progress was made today in clearing the congested program of the third and last week of the military shooting tournament. The competitions concluded today were the Leech cup match, the company team match and the revolver team match. Lieutenant W. H. Richards of Ohio captured the Leech cup with a total score of 92 out of a possible 103. The company team match was won by Company E, Second regiment, National Guard of the state of Washington, and the revolver team match by Squadron A, National Guard of New York.

INSANE OAKLANDER SLASHED HIS THROAT IN AN OGDEN HOTEL.

OGDEN, Utah, Sept. 5.—Adolph Switzer, of 345 Seventh street, Oakland, Cal., lies at the point of death as the result of an attempt at suicide made at the Reed hotel here today. Switzer stopped over in Ogden on his way to Philadelphia and was taken to the police station, as his mind seemed affected.

The police lodged him at the Reed. Sergeant Pinchock visited his room this evening and found him lying in a pool of blood, his throat cut from ear to ear. He had severed the wind pipe but missed the jugular vein. Switzer was able to speak and said some one else had wounded him.

COTTON REPORT CAUSES DECLINE ON NEW YORK 'CHANGE

WASHINGTON, Sept. 5.—The monthly cotton report of the department of agriculture gives the condition as 72.1.

NEW YORK, Sept. 5.—A sensational decline in the price of cotton futures followed the publication of the government monthly crop report today. Prior to the report the market had been very nervous but generally firm, and just before the report was issued prices were about ten to thirteen points higher. Fifteen minutes after its publication there was a break of nearly half a cent, and a net decline compared with last Friday of thirty-one and thirty-six points.

FRANCE AWAITS SULTAN'S REPLY TO SULTAN'S LAST ULTIMATUM

PARIS, Sept. 5.—The French foreign office says the French ultimatum to Morocco expires tonight at midnight. Probably two days will elapse before word is received of the measures for the enforcement of France's demands, which will be announced immediately after it is known that the sultan has not acceded to the demands. The officials here say that the developments at Tangier, following the warfare between the followers of Raisuli and the other tribesmen, demonstrates that Tangier is not a fit place to hold the international conference.

GRUNDY CENTER, Iowa, Sept. 5.—Guardians were appointed today for George Wells, a pioneer citizen and millionaire land owner, on petition of his sister, Mary Wells Nelson, alleging him to be of unsound mind because of advanced age. He is over 84 years of age.

SOME SWELL AUTUMN STYLES ARE HERE

Every department is being brightened up by the daily arrival of new goods. Under the personal supervision of Mr. Gottschalk our Eastern buyers have secured for us the choicest and most exclusive collection of women's fall garments ever shown in Fresno.

The New Custom Made Suits at \$14.00

Will be one of our great trade winners for the season's advance showing. It's very jaunty and stylish, made of wool covert in the leading fall shades. The new short box coat, satin lined, full plaited walking skirt, modestly priced at **\$14.00**

Cut Prices on School Supplies

You will be well recompensed to purchase your school supplies at Gottschalk's this term. Prices lower than the lowest. Watch for particulars.

NEWS OF VISALIA

COLORED PORTER WHO SLASHED THOMAS GOT TWO YEARS.

Antone Lewis, the 16-Year Thug, Pleaded Guilty—Western Union Still Fighting Franchise Tax.

VISALIA, Sept. 5.—Ralph Russell, the colored porter, who slashed a young man named James Thomas with a razor at Tulare recently, pleaded guilty before Judge Wallace this afternoon to a charge of assault with a deadly weapon and was sentenced to serve two years at Folsom prison. It will be remembered that young Thomas was on his way from Bakersfield on the Southern Pacific and was engaged in a dispute with the porter, Russell. The latter, when Thomas alighted from the train at Tulare, followed him to the depot and slashed at him with a razor. The wound was a serious one and Thomas narrowly missed having his jugular vein severed.

Antone Silva Lewis Jr., the sixteen-year-old Portuguese boy who recently confessed to assaulting and robbing Lorde, the Frenchman, at Goshen, pleaded guilty this afternoon before Judge Wallace and will have his sentence at 10 o'clock tomorrow morning.

A final decree of divorce has been granted to John T. Labille from Mary E. Labille, the interlocutory decree having been obtained more than a year ago.

A notice of appeal to the Supreme court has been filed by the Western Union Telegraph company in its case against the City of Visalia. The City Council voted to tax the company's franchise, and the latter brought suit, alleging that it was operating under a non-assessable franchise. Judge Wallace decided against the company.

A petition for letters of administration has been filed in the matter of the estate of Emma J. Lash, deceased. The estate consists of a life policy for \$500 and \$47 in money. Mrs. Florence Lee, a daughter, is the petitioner. W. M. DeWitt of Tulare is her attorney.

Visalia, Sept. 5.—S. G. W. has given up his trip to Sacramento to attend the Admission day celebration. Not a sufficient number had signified their intention of going to make a good showing as a parlor. The arrangements with the Visalia band for the trip has been called off.

Marriage licenses were issued this afternoon to the following: Walter Spencer Connor, aged 23 years, and Loe Lenora Wymore, 19, both of Porterville; George W. Haley, 21, and Viola C. Stagle, 21, both of Poplar.

Robert W. Keller and Miss Cleo Johnson, both of Keweenaw, were married yesterday in this city by Rev. D. M. Edwards.

Supervisor George Birkenbauer returned this morning from Portland, where he has been attending the fair. E. O. Larkins and daughter, Miss Adelle Larkins, returned last night from Santa Cruz, where they have been staying for several weeks.

Mr. and Mrs. Reed Wells and son Jeff this morning for San Francisco on a visit.

Mrs. Z. J. Witten has returned from a visit in San Francisco.

Louis Clark returned this morning from a business trip to San Francisco. Mrs. Martha Harrell and sister, Mrs. Julia Sheppard, left last night for Los Angeles, being accompanied by Miss Mabel Bacon, who had been staying here for some time.

Mr. and Mrs. Sam Haclan, daughter Mrs. Danie Dameron and nephew, Hubert Moffett, arrived here this morning from College Mound, Missouri, and are the guests of County Auditor T. H. Blair.

William H. Hammond left last night for San Francisco, where he will spend several weeks.

Mrs. N. D. Dabney and children have returned from Oakland, where they have been spending several weeks.

Mrs. Leslie Cook has gone to Deer Creek Hot Springs for the benefit of her health.

Charles L. Adams left this morning for Pacific Grove on a visit.

MADERA MATTERS.

School Opened With Attendance That Crowds the Class Rooms.

MADERA, Sept. 5.—The public schools opened yesterday morning, the day being given up to organization of classes. The enrollment was 385, about 35 more than that of the first day of last year. Some of the rooms are crowded.

The members of the Mexican colony will give a ball in the Athletic hall on the night of the 27th inst., to commemorate the confirmation of the independence of Mexico.

Abraham Pregado writes from Stanford university that he has successfully passed the examination. Out of 400 who took the examination in English composition, only 125 passed.

Mrs. W. M. Hughes, son and daughter, and Miss Maud, of Fresno, returned yesterday from San Francisco.

Mrs. J. Hoffman and daughter, Miss Olga, came here yesterday from Sanbright and San Francisco.

Miss Clara Hale came here from Fresno today to attend school.

T. J. Crayford was here today from Fresno.

Mrs. D. B. Fowler went to Fresno yesterday.

Clare Noble went to Merced yesterday.

Howard Clark returned this morning from San Francisco.

District Attorney Fowler returned yesterday from Santa Rosa.

R. Harder left yesterday for San Francisco.

W. D. Weaver was a visitor yesterday from Fresno.

J. R. Warner came down from Raymond yesterday.

Miss Alice Whitesides came up from San Jose yesterday.

Mrs. Leighton, one of the new teachers, has arrived from San Jose.

Mrs. F. Hunt went to Merced yesterday.

Dr. Kearns came up from Fresno yesterday.

HARVARD HOMESTEAD AT TRATFORD-ON-AVON BOUGHT BY AMERICAN.

CHICAGO, Sept. 5.—Edwin Morris, the packer, has purchased the historic Harvard homestead at Stratford-on-Avon, England, from the ancestors of John Harvard, founder of Harvard university. Marie Correll, the English novelist, was the agent of Morris in the transaction. She is credited with making the suggestion that a club house for Americans be established on the homestead. Morris has not yet decided what disposition to make of the property.

ST. PETERSBURG, Sept. 5.—Fighting continues between Armenians and the Tartars and the troops at Baku, Caucasus. Many of the oil fields are in flames. Reinforcements have been sent from Tiflis.

AMATEUR BASEBALL.

Monahans Win From Engines Team in a One-Sided Game.

The Engine No. 3s and Monahans met again Sunday in battle on the baseball field, the Monahans winning the game by a score of 21 to 3. The game was all one-sided and oh, my, what a beating. The No. 3s are supposed to be good ball players but from the score there seemed to be only one side to it. Too bad; the Engines beat Visalia last Sunday a week ago and then lost out to the Monahans in the next game they played. They didn't have a look in at any stage of the game.

For the Monahans, old "General" Tabbs pitched fine ball and his catcher, N. Thomas, was sure at the receiving end every time. He has several throw outs to second on his list. Roemer, the first baseman played a good game, as did the old favorite, Jimmy Shea, the shortstop, he making a couple of star plays during the game.

Thomas, the third base, played an errorless game and was a star in the left field, was sure there with the club when it came to sticking them out to the firing line. For the Engines Barnes caught a good game and so did Stapp on first base, but the pitchers, well, curtains on all of them now, they can't play with the firemen any more. The wonderful Galtbush was batted out of the box in two innings and his old pal, Hefferman, came to his rescue, but to no avail, and the too, was retired. The old reliable "Mimie the Whale" Tufts was put in and then the fun began, one, two, three, out, but they couldn't win then.

The lineup was as follows: The Monahans—Tabbs, p; N. Thomas, c; Roemer, 1st b; Leary, 2b; Shea, 3b; P. Thomas, ss; Schied, lf; Fassett, cf; Smith, rf.

Engine Co. No. 3.—Tufts, p and rf; Barnes, c; Stapp, 1b; B. Hefferman, 2b; Giger, 3b; Brooks, ss; Morton, lf; Keyes, cf; Galtbush, rf and p.

HANFORD BUDGET.

C. P. Wood Arrested for Murderous Assault.

HANFORD, Sept. 5.—C. P. Wood was arrested this forenoon by Officers Ayers and Frederick for a murderous assault on an employee of the Moon saloon. The weapon used was a butcher knife, with a ten-inch blade. Wood did not succeed in stabbing his victim, but he came very near it, and on his way to the jail remarked that he would "get the man yet." He was intoxicated.

Antonio Romero, who was arrested yesterday for threatening Matthew Rogers with a shotgun, pleaded not guilty this afternoon in Justice Meadows' court and his trial was set for September 11th.

George McAmish, a teamster in the employ of Grant Starkweather, was kicked by a horse this morning and had his leg broken. He was taken to his home in the eastern part of town.

A marriage license was today issued to Charles E. Farrell of Millvale, aged 26 years, and Anna Marie Chase of Strington, aged 18.

Judge M. L. Shaw and family have returned from a six weeks' vacation spent in Los Angeles and other points in the south.

County Treasurer J. L. Hall and family have returned from a camp at Mineral King.

The Paddock school district has advertised \$2500 of school bonds for sale.

The Misses Mary and Annie Guegog, Miss Agnes Allen and Miss Ethel Sanborn have returned from a few weeks' visit at Santa Barbara.

Mrs. Y. H. Bodreau and children are home after an absence of a few weeks in San Francisco.

Dr. J. A. Moore of Coalinga is visiting his family in this city.

The money in the Kings county treasury was counted this morning and found to amount to \$134,436.75.

Frank Cameron arrived home this morning from a vacation spent in the northern part of the state.

NEWS OF PEACE IS NOT WELCOMED BY EITHER ARMY.

GENSHU PASS, Manchuria, Sept. 4. (Monday).—The situation, especially as affecting the newspaper correspondents, admits of saying little. The army organ publishes a statement to the effect that a furor exists in Japan, and although the news is vague, it is the impression here that there are complications abroad hostile to peace. The Russian armies antagonism to recent events takes the form of criticism of the management of the war and also of the "bureaucratic meddling."

The Chinese have exhibited wide appreciation of the importance of the peace negotiations but the prospects under conditions such as set forth in the agreement outlines published here promise small amelioration of their burdens and are regarded with foreboding.

For days the passing trains have been besieged for newspapers by soldiers at such stations as Kauchengtsu, Gungshu Pass and Kechiatun. Otherwise, this vicinity is unusually quiet.

INCENDIARY FIRE IN TOWN OF DIXON CAUSED \$20,000 LOSS

DIXON, Cal., Sept. 5.—Dixon experienced a \$20,000 fire at an early hour this morning. The fire broke out in the Reichert building and before the course of the flames was stopped D. A. tenney's blacksmith and machine shop, Miss Corrie millners store, an unoccupied building belonging to Dr. F. F. Upham and the Reichert building were totally destroyed. The fire was of incendiary origin, it is thought.

SUICIDE IN HOSPITAL OF ALLEGED RELATIVE OF SENATOR COCKRILL

BUTTE, Sept. 5.—E. B. Ewing claiming to be a brother-in-law of former United States Senator Cockrill of Missouri, shot himself through the head at a hospital here this afternoon. He moved here three days ago from Yellowstone National park and was ill. He had drawn a check on the Chase Brothers bank, Butte, for \$100 in part payment of a bill for board in the park. He was not known there and had no funds in the bank. Ewing was 45 years old. Ewing died within a few minutes.

Kaiser Denies Yacht Race Plan

BERLIN, Sept. 5.—The Associated Press in response to a written inquiry about the rumor that Emperor William is arranging a trans-Atlantic yacht race for 1907, is informed by a member of the emperor's suite that the report is not true.

SAN FRANCISCO, Sept. 4.—The Socialist party's convention tonight nominated a municipal ticket for W. C. Carter is the candidate for mayor.

A REMARKABLE EXHIBITION.

Entirely Too Much Show for One Pair of Eyes.

In many respects the Barnum & Bailey Greatest Show on Earth is remarkable. The tents have a foot-rest for every seat. The ring performances are so numerous and attractive that it is a very difficult matter for the spectator to see them all. At one time nearly as many as a dozen acts of an exceptional character are in progress, each one of such a wonderful kind and of such a high order of merit as to justify its presentation by itself alone. Every act is really a feature in itself. There are so many of these special features and high-class acts going on at once that all the spectators can do is to rivet their attention on one of them at a time, which will be sufficient to stamp the entertainment as the grandest ever seen. If only one of the three equestrian rings or one of the three elevated stages watched by the visitor he will see twenty acts of the show, for that number takes place in each of the rings and upon the stages, to make up the full complement of nearly one hundred. If one will consider all the wonderful array of attractions set before the patrons it hardly seems possible to give so much for so small an admission price. The two menageries themselves are fully worth what is asked to see everything. Then the curious human misdeeds, giant and the queer entertainment in the menagerie tents by the Scandinavian troupe of vocalist, musicians and dancers is another complete exhibition, and one so full of novelty and so instructive to everybody as to prove a notable show in itself. Three herds of elephants also afford much amusement, while the tricks of nearly one hundred trained horses are really amazing. Two droves of camels and many cages of rare animals give the children and others useful knowledge, while many sensational and thrilling races and aerial displays afford satisfying recreation to everybody. Clowns without number cause constant laughter, so that all classes of patrons are amused, awed, thrilled, and bewildered, but none so much as the critic, who wonders how it can all be given for so small an admission. And so, take it all in all, it is a remarkable American show which everyone and everybody should see on Thursday, September 14th.

CALIFORNIA GEOGRAPHY

Should be studied by every citizen of California. It should be taught to the children, both in the school-room and in the home, as a matter of first importance. One of the easiest ways to learn California Geography is to secure one of the Fresno Republican's New Home Wall Charts. It will give you an excellent topographic relief map of California with statistics on elevations and irrigations. It will also give you a political map of the state of California, showing every county, river, railroad, town and city in the state. It also gives the population of every county, city, town and village, according to the latest government census, and this is not all. It shows you a splendid map of the United States, the Panama canal and history and statistics, it also gives you a special topographic map of Eastern Asia, Japan and the Island of Sakhalin. Also gives you a special map of the Philippines, Hawaii, Porto Rico, and to add to the beauty and usefulness of these charts, we give you in beautiful colors the flags of all nations. These all make a most convenient and useful reference aid to the business man, lawyer, doctor, teacher, or any other intelligent citizen. Every office, library or home should have one of these excellent library wall charts. You can obtain one of these wall charts by subscribing or continuing the paper for six months and paying extra express charge of 20 cents. Any further particulars, address the Wall Chart Dept., Fresno Republican, Fresno, Cal.

SIR KNIGHT WM. H. MANEELEY

32d Degree of Mary Commandery, Philadelphia, Recovers From Bright's Disease.

During convalesce week in San Francisco, Sir Knight Wm. H. Maneeley of 1904 N. Seventeenth street, Philadelphia, of Mary Commandery, called at the office of the Jno. J. Fulton Co. to report his recovery.

He stated that he had both Bright's Disease and Diabetes for 9 years and had gotten so low he could not speak for a half hour at a time, and had to be put in ice packs. A leading physician sent him word that he had had several cases recover under a preparation made in California called Fulton's Compound. Maneeley sent for it. The third night he got the first natural sleep in months and improvement was then gradual but continuous, until he is now the picture of health.

Among other well-known Philadelphians who had recovered he mentioned Richard Filbert, Mrs. E. T. Snow of 1815 Columbia avenue; also two residents of Kensington, whom he told of it; also the wife of a physician and several others. Maneeley will know how to approach Mr. Maneeley to get the original truth as to the genuineness of this profound discovery.

We again announce to the world the curability of chronic Bright's Disease and Diabetes in fully 87 per cent of all cases.

Patterson Blk. Pharmacy, Agt., Fresno. When to suspect Bright's Disease—Weakness or loss of weight; puffiness, hands or eyes; dropsy; kidney trouble after the third month—urine may show sediment; failing vision; drowsiness; one or more of these.

BUSY DAY FOR G. A. R. VETERANS

EX-PRISONERS OF WAR ELECTED NEW OFFICERS FOR YEAR.

Parade of Naval Veterans Was One of the Features—General White Injured.

DENVER, Sept. 5.—This was a busy day for the visiting members of the Grand Army of the Republic in thirty-ninth annual encampment in this city. The National Association of Union Ex-Prisoners of War held its annual session and elected the following officers: National commander—Colonel J. D. Walker, Pittsburg, Pa.; national vice commander—John Kissane, Cincinnati; national junior vice commander, John H. Parker, Lynn, Mass.; national chaplain, Capt. John S. Ferguson, Keokuk, Iowa; national historian, General Henry White, Indiana, Pa.; adjutant-general, and quartermaster-general, W. C. McKelvey, Pittsburg, Pa. The three members of the executive committee whose term of office had expired were re-elected.

The association endorsed the Dailzell pension bill which provides for a service pension for ex-Union prisoners of \$2 per month for time of imprisonment and \$12 a month during life and the same amount to widows during widowhood.

The survivors of the battle of Shiloh met today and organized a national association. Major H. J. Hooper, of Denver was elected president and H. N. French of Denver was chosen adjutant-general.

A grand campfire was held at Broadway park, at which Governor McDonald and Mayor Speer welcomed the grand army into this city. Commander-in-Chief King was present and delivered a brief response to the Union ex-Prisoners of War Association also held a camp fire.

A reception to General King was given at the headquarters of the Woman's Relief Corps, previous to the camp fire.

A parade of naval veterans, accompanied by regular troops from Fort Logan and military organizations, was the first spectacular feature today. The weather was cool and all conditions were favorable for marching. Several thousand persons participated and the parade continued for nearly two hours. Next to the veterans' organization, the ladies' band from Perrine, Kan., and the uniformed band and military companies made up of boys from the state industrial school at Golden, Col., received the greatest ovation. The Mexican war veterans, four in number, who rode in carriages, and the Union survivors of Southern prisons were cheered to the echo and old soldiers who were viewing the parade from the sidewalk, ran out all along the line to shake the hands of the veterans of 48.

General Henry White, of Indiana, ex-historian of the National Association of Prisoners of War, was in town from his horse, which reared at the approach of an aide to the marshal of the parade. He fell heavily to the pavement, but insisted on being allowed to continue in the parade. The general was carried to a dressing station and a cut on his left leg dressed. He was not seriously hurt.

Many of the day's festivities were Indian dances, cowboy exhibitions and band concerts.

NEW VACATION TRIP

Summer Excursion Rates.

Effective May 1st, the Southern Pacific and Santa Fe lines will sell round trip through tickets to points on the scenic North Shore at reduced rates. Fresno to Camp Taylor and return, \$9.05; Ft. Reyes, \$9.40; Camp Meeker, Monte Rio and the Russian River, \$10.90; Duncan's Mills, \$11.30; Cazadero Big Trees, \$11.65. JEFFRIES ACCEPTED ONE THOUSAND DOLLARS TO REFEREE FIGHT

LOS ANGELES, Sept. 5.—James J. Jeffries today wired his acceptance of the offer of \$1000 to referee the Britt-Nelson contest at San Francisco next Saturday. His acceptance occasioned a special entertainment. The contestants in one race were leading American and English ladies who were pulled in rickshaws by prominent Englishmen. The winner was Miss Alice Langborne of Washington, D. C. Early in the evening there was a parade of British and Indian troops, and at night a brilliant ball was given by the Hong Kong Club. Previous to the ball Governor Nathan gave a dinner to the entire party at Government house, which was the most gorgeous social affair in the history of the settlement. The steamship Korea will sail at 4 o'clock and the transport Logan at daylight on Wednesday.

"I wired Coffroth last night that \$2000 was my price because I thought my services worth that amount. This morning I had a telegram from my friend and former trainer Billy Delaney, urging me to accept the offer of \$1000 and avoid further trouble in the selection of a referee. In deference to his advice and rather than place any obstacle in the way of the management of the boxers, I have accepted the offer of \$1000 and will leave for San Francisco tonight."

INTERNATIONAL LAW ASSOCIATION SENT CABLE TO ROOSEVELT

CHRISTIANIA, Norway, Sept. 5.—The International Law association now in session, today unanimously approved of sending a cable to President Roosevelt for his good offices in promoting peace and for his continued endeavors in helping forward a happy conclusion of the treaty. The dispatch concludes: "We gratefully congratulate you and the American people who have shared sympathetically your efforts."

The conference also adopted a resolution that in the opinion of the conference the time has come for preventing interference with the world's mail steamers by belligerents, and that an agreement should be reached making the shipment and carriage of contraband by such vessels a punishable offense.

LETTER CARRIERS AND GOVERNMENT

NATIONAL ASSOCIATION DESIRES MORE HARMONY.

Committee May be Appointed to Seek Remedy for Present Strained Relations.

PORTLAND, Sept. 5.—The National Letter Carriers' association commenced routine session today. Almost the first thing after the opening of the received were the two delegates. One was from M. J. Hart of Chicago, who protested the seat of H. W. Poole of that city. Poole held the credentials and he was seated and the question was referred to the committee on appeals for final settlement. The two other delegates were those from Dekalb, Ill., and were refused seats on decision of President J. C. Keller of the association.

The convention was addressed today by Mrs. Craig of Omaha, Neb., on the subject of women's rights and after her speech the convention passed a resolution favoring the extension of the franchise to women. Another resolution, which was referred to the committee on resolutions, was introduced on the floor of the convention. It calls attention to a lack of harmony, amounting to almost antagonism, between the carriers and the postoffice department and urges that the officers elected at this convention ascertain the cause of this condition, also to seek a remedy, and lastly it urges that the department promulgate a rule by which postmasters of different cities be authorized to promote any carrier of ability to a better position in the postoffice than that of carrier.

At the afternoon session President Keller read his annual report. He recommends among other things that the association increase the rate of assessment in the insurance branch 10 per cent.

The first steps in the organization of a women's auxiliary of the national association were taken today. The officers elected for the new organization followed. President, Mrs. Fred Heffelfinger, of Los Angeles; vice-president, Mrs. Henry Carll of Toledo, Ohio; secretary, Mrs. William Wheeler, of Portland. Other officers and committees are to be named at a meeting to be held Friday.

TICKET AGENTS ON SANTA FE RAILWAY CHARGED WITH THEFT.

TOPEKA, Kan., Sept. 5.—Officials of the Santa Fe are worried not a little, it is said, over what appears to be a systematic scheme of robbery that is being practiced in Colorado by telegraph operators acting as ticket agents. Several thousands of dollars, it is claimed, have been lost by the railroad in the past few months from the theft of tickets. The night operators at Lamar and Las Animas have been arrested on a charge of stealing tickets. The method is to remove tickets from the bottom of the packets and sell the tickets and destroy the stubs. The proceeds from the sale of these tickets is pocketed.

The World's Grain Crop.

BUDAPEST, Sept. 5.—The Hungarian minister of agriculture in his yearly estimate of the world's crops shows the wheat yield to be about the same as last year. Rye is at least ten per cent lower, barley somewhat less and oats considerably lighter. The maize crop will be larger owing to the great American harvest which more than makes up for the large deficiencies in Europe.

Harbor Is of no Value.

HONOLULU, Aug. 30, via San Francisco, Sept. 5.—Lieutenant Slattery, army engineer, has made report adverse to the improvement of New harbor, Midway Island. The captain's opinion is that the harbor is not one which it is worth while to spend money on, unless Midway is to be improved and fortified as a strategic point.

San Diego Man for Honolulu.

HONOLULU, Aug. 30, via San Francisco, Sept. 5.—H. D. Wood, secretary of the San Diego Chamber of Commerce, has been appointed secretary of the Hawaii promotion committee, and is expected here in the near future to take up the duties of the position. He succeeds E. M. Boyd, whose resignation has been accepted.

Made a Fatal Dive.

HEALING CITY, Sept. 5.—Bunzell, son of J. Bunzell of 1143 Linden street, Oakland, who was spending a few weeks putting at a farm some miles south of this city, was drowned in Russian river today. He was swimming in company with friends when he fell on a spring board and disappeared from sight. His companions searched the river, but the body has not yet been found.

PACKERS WERE GRANTED DELAY

NEED NOT PLEAD IN COURT UNTIL SEPTEMBER 18.

Government Counsel Agreed to the Postponement—More Legal Delays Will Then Ensnare.

CHICAGO, Sept. 5.—Twenty-one separate trials may be demanded before federal judges by the Chicago packers indicted on charges of conspiracy in restraint of trade, within the next two weeks. After the matter of pleading had been continued until September 18 by Judge Otis Humphrey today, many of the attorneys interested in the case held a consultation and at least one agreement was reached whereby a separate trial will be demanded of the government. This movement was anticipated by the government and every effort will be made by the federal authorities to offset the requests of the defendants.

Assistant Attorney General Oliver Pagin, in speaking of the contemplated demands for separate trials, declared tonight that it is not possible that separate hearings will be granted by the federal courts under the one indictment charging conspiracy.

"All these defendants are included in the one indictment charging conspiracy in restraint of trade," said Attorney Pagin. "Conspiracy, of course, will be the essence of the case, and inasmuch as it takes all of these defendants together to form the alleged conspiracy there is no reason why they should not be tried together."

CHICAGO, Sept. 5.—Government prosecution of Chicago packers for alleged violation of the anti-trust laws was scheduled to begin today, but instead there was delay. On motion of Attorney J. S. Miller, representing the packers, the hearing of the cases was postponed until September 18.

The court room in the new federal building was filled with lawyers and spectators. United States District Judge J. Otis Humphrey presided. Attorney General Moody with District Attorney Morrison, Assistant Attorney General Pagin and Assistant District Attorney Elwood Goodman occupied one table while Attorney Miller and his associate counsel seated themselves at another.

Morrison announced to the court that the packers had been notified to plead and that their counsel was present for that purpose. "Attorney Miller then arose and said:

"The district attorney has given me notice, as well as the defendants, to plead here today. The notice came on Friday. Saturday was practically a holiday, and Monday being Labor Day, he could do nothing. It is still vacation season and many of the defendants are away as well as some of the attorneys, and we now ask that the government does not press the matter of the motion to plead until Monday, September 18. At that time every one will have returned and the courts will be open. I hope that counsel will agree to the postponement, and will ask nothing further. I presume the defendants will take some action which will precede the matter of pleading."

"They might move to quash the indictments, enter a plea in abatement or proceed by demurrer to the indictments. We have not yet definitely settled what action to take, and in view of this unsettled condition, I ask that the matter be continued until the 18th."

"The request of the counsel is not unsatisfactory or unreasonable," said District Attorney Morrison, "and the government is satisfied."

"Let it be so ordered," replied Judge Humphrey. "The matter of pleading is continued until September 18."

The attorney general was reticent in speaking of the matter but declared that he is not desirous of putting the packers to inconvenience.

"I do not know, of course, what the packers intend to do between now and September 18," said he, "but the government will push the cases as rapidly as possible and still consistently and without prejudice."

The attorney general may send other assistance to the district attorney when the case comes to trial. Each of the twenty-one packers and probably the five corporations who were indicted will be represented by individual counsel and because of the multiplicity of attorneys, the government's position may be attacked on many technicalities.

It was stated authoritatively tonight that within three days the government will apply to the federal circuit or appellate court for an injunction restraining the government from prosecuting the defendants for conspiracy.

Counsel for the Cudahy Packing company held a conference today and decided to request for the Cudahy company a separate trial.

TAFT PARTY HAD A GLORIOUS TIME WHILE IN HONG KONG

HONG KONG, Sept. 5.—At noon today Secretary Taft and Major General Corbin were entertained at luncheon by the commanding officer of the troops here. This afternoon the racing club gave a special entertainment. The contestants in one race were leading American and English ladies who were pulled in rickshaws by prominent Englishmen. The winner was Miss Alice Langborne of Washington, D. C. Early in the evening there was a parade of British and Indian troops, and at night a brilliant ball was given by the Hong Kong Club. Previous to the ball Governor Nathan gave a dinner to the entire party at Government house, which was the most gorgeous social affair in the history of the settlement. The steamship Korea will sail at 4 o'clock and the transport Logan at daylight on Wednesday.

MOFFAT ROAD IS ALLOWED TO BUILD THROUGH GORE CANYON

DENVER, Sept. 5.—Judge Moses Hall, left in the United States District court, today denied the application of the United States government for an injunction to restrain the Denver, North-western and Pacific railroad, the Moffat road, from building through Gore canyon. The government engineers had proposed to build a reservoir in the canyon for the storage of waters for irrigation.

"That ends the blockade," declared David H. Moffat today after the decision had been made known. "I shall go right ahead building my railroad to Salt Lake."

Moffat stated that he will go to New York in a few days for the purpose of making arrangements for the extension of the road through Gore canyon.

BOODLE WITNESS PUT UNDER BAIL

DISTRICT ATTORNEY SEYMOUR IS NOT TAKING CHANCES.

Former Senator Emmons Regards the Offer of Pardon to Bunkers as Evidence of Weakness.

SACRAMENTO, Sept. 5.—As a legal formality, District Attorney Seymour this afternoon produced Arthur P. Lee, the negro who has been arrested in connection with the senate bootleggers' cases, in Judge Hart's court and asked that he be compelled to give bail to insure his appearance as a witness in the Emmons case. The district attorney stated that he considered the negro a material witness and he feared that if allowed his liberty interested persons might persuade Lee not to appear at the trial. Bail was fixed at \$1500.

BAKERSFIELD, Sept. 5.—Former State Senator E. J. Emmons was interviewed today by a representative of the Associated Press, with reference to the alleged confession of Bunkers at Sacramento. Emmons, who stoutly maintains his innocence and who declares his willingness to have his trial at once, said there could be nothing in the Bunkers confession to implicate him.

"To my mind," said Emmons, "the purported confession is an evidence of weakness on the part of the prosecution. If they had the testimony necessary to prove the charges against me there would be no need of offering Bunkers a pardon for further evidence."

Emmons left for Sacramento tonight to prepare his defense in the hearing set for next Monday.

FOREIGN ADVICES.

TOULON, France, Sept. 5.—The Novelty theater here was totally destroyed by fire today. There were no casualties.

LONDON, Sept. 5.—Sir Ernest Cochrane of Dublin denies that he has any intention of challenging for the America's cup, as reported.

BILBAO, Sept. 5.—The miners of the extensive coal region of the Valley of Arribal have struck. Severe measures have been adopted to preserve order.

BARCELONA, Sept. 5.—The merchants of this city have united in a manifesto demanding the abolition of the present police as being incompetent to prevent an anarchist outbreak.

NEW YORK, Sept. 5.—The Commercial Cable company tonight received advice that communication with Nagasaki and Shanghai had been restored. Owing to accumulation there is a heavy delay on all traffic to and from Japan.

Baby Mine

Every mother feels a great dread of the pain and danger attendant upon the most critical period of her life. Becoming a mother should be a source of joy to all, but the suffering and danger incident to the ordeal makes its anticipation one of misery. Mother's Friend is the only remedy which relieves women of the great pain and danger of maternity; this hour which is dreaded as women's severest trial is not only made painless, but all the danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, the system is made ready for the coming event, and the serious accidents so common to the critical hour are obviated by the use of Mother's Friend. "It is worth its weight in gold," says many who have used it. \$1.00 per bottle at drug stores. Book containing valuable information of interest to all women, will be sent to any address free upon application to GRADFIELD REGULATOR CO., Atlanta, Ga.

The European Exhibit Building

Can't you visit Europe?

Then you should go to Portland to see this building and its unique European exhibits. The building is 462x100 feet in size and cost \$51,720. From the center rises a huge square tower, the floor of which contains a roof-garden commanding a magnificent view of the Exposition grounds.

Exhibits from the principal countries of Europe are in this building and a visit there is a good illustration of what you would see if you were to visit Europe.

Fresno Republican Publishing Co.
CRESTER H. ROWELL, Editor and Manager

PEACE.

With yesterday's ceremony, the peace of the world becomes an accomplished fact. There are no more wars and few rumors of wars. The mightiest armies gathered in one spot since the world began will disband and return to the arts of peace. The two greatest empires in the world, sleeping until now, will arouse to modern activity, and six hundred million people will be added to the world's productive population. The modern history of the whole yellow race, and of the largest single nation of the white race, begins with this act. Japan enters the family of nations as a first-class power, and China and Russia pass the threshold of the future as modern peoples. More than half of Europe, and by far the larger part of Asia, begin a new epoch. The last link in the international girdle is closed, and history, which once surrounded the Mediterranean and then encompassed the Atlantic, now encircles the earth. Henceforward only the doings of scattered peoples, like those of Tibet or Central Africa, will occupy that isolated and unrelated position hitherto occupied by more than half the human race. The Treaty of Portsmouth will rank for all time as one of the most significant documents in the history of the world, and the further it recedes into the true perspective of history, the more important it will become.

WEAVER ON NON-PARTISANSHIP.

The Philadelphia North American publishes an enthusiastic editorial commending Mayor Weaver's recent speech at Wilkes-Barre in favor of non-partisan city elections. Mayor Weaver, when he delivered this speech, had just come from a conference with President Roosevelt, and while there is no means of knowing how much of it was inspired at that conference, there is no doubt that the utterances of the mayor had the full concurrence of the president. This speech, then, delivered by the Republican mayor of an inviolably Republican city, approved by the Republican president who has shown himself the most consummate successful politician and party leader of his time, and endorsed by the leading Republican paper of this Republic, can not be set aside as mere academic dogmatism. It is the product of observation and the lesson of practical experience.

Mayor Weaver was not only a partisan Republican, but an "organization" man. He took orders from the boss, and believed that the system was necessary, even in so strongly Republican a city as Philadelphia. Even when he was compelled to oust the corruptionists, he still looked for reform "within the party." He still believed that party organization and party responsibility were necessary for city government, and he has been driven only by hard experience, against his will, to the contrary conclusion. What he says, then, comes with the weight not of mere scholastic argument, but of hard and enlightening practical experience.

Here are a few of the things Mayor Weaver said:

"I have no panacea for municipal woes. On one point, however, I have reached a conclusion based upon recent experience, and that is that political partisanship is the enemy of good municipal government."

"In the larger and wider realm of state and nation parties play their part and also do their work and have their day. But passion and prejudice, faction and sect have no place in the vital domestic questions involved in purely municipal affairs. Party spirit is inconsistent with the equitable and honest regulation of the business and social questions involved in municipal well-being."

"Municipal reform is impossible so long as the servants of the people are restricted to the members of one party, and the prospect to public service is the ability to pronounce a particular shibboleth. Is he honest; is he obedient; is he faithful? These alone should be the criteria for admission to the public service and for retention in such service."

"Behind party spirit (in municipal affairs) are the selfishness of the boss, the cupidity of the jobber, the criminality of the contractor, the loathsome avidity of the purveyor to human weakness and vice."

"Publicity, non-partisanship, vigilance—this is the trinity upon which the gospel of municipal reform must be founded, and may God speed the day when they shall constitute the accepted faith of a free people."

It is worth while to hear these things, occasionally, from sources which no one can ever away. They are true, beyond possibility of refutation. They are true in Fresno, in spite of the fact that the particular non-partisan ticket which most of the advocates of non-partisanship favored was defeated at the last election by another non-partisan ticket. They are true in San Francisco, and the more true because the attempt to nominate a non-partisan ticket, by uniting the two party organizations has led, apparently, to the control of the joint organization by the combined machine politicians of both parties. Partisanship has failed, and even bi-partisanship bids fair to fail. The non-partisan system is the only one which is defensible in theory, and the only one which is not a demonstrated failure in practice. It is a spirit and a system which has come to stay. It is a survival, opposition, ridicule and even defeat. For it is founded on right, truth and experience.

SQUEAMISH EVASION.

The union church meeting in the park Sunday adopted resolutions expressive of "most hearty appreciation" of the efforts of the city administration "to drive out of our city gambling halls and houses of prostitution." The framers of those resolutions probably know that the city administration is making no efforts and has no intention to drive out houses of prostitution or to enforce the law against them. Neither did the past administration. Neither will any future administration, even if composed of members of the Ministerial Union themselves. We may as well be honest in this matter, and acknowledge that our laws, and any public utterances made in their spirit, are all a squeamish bluff. Our actual policies and intentions are expressed, not in the law, but in the extralegal police regulations for the conduct of the tenderloin. These regulations expressly recognize the existence of the evil which the law prohibits, and provide rules for its continuance. The action which was the occasion of this church congratulation was not, as stated in the resolution, one to "drive out" the social evil. It was primarily (to speak quite bluntly) an order to reduce the price of it, and to improve the condition and increase the profits of the unfortunate engaged in it. Secondly, it involved a tentative plan for the better segregation and screening of the evil. The framers of the resolution understood this perfectly well. They knew they were congratulating the city government on a policy of conditional and regulated prostitution, and they were perfectly honest and conscientious in their approval of that policy. But they would have been inexpressibly shocked to hear themselves frankly saying so. The same squeamishness which impels us to enact a falsehood into our laws, reserving the truth for a system of illegal, but enforceable administrative orders, also impels even so conscientious a body as a church assembly to clothe its genuine approval of an actual policy in language expressive of ostensible approval of a fictitious policy. It is a part of the prudish hypocrisy which marks the conduct of the whole English-speaking world toward one of the greatest evils and most serious problems of our civilization. Since the hypocrisy is universal, it will not do to be too critical of any particular manifestation of it. But really it would seem that we could make the social evil no worse, and we might make our own mental atmosphere clearer, if we would fall into the habit of telling the truth about it, in public as we do in private.

FREIGHT CRASHED INTO PULLMAN

FOUR KILLED AND MORE THAN A SCORE INJURED.

Passenger Train Had Stopped to Take Water When Following Freight Telescoped Car.

DENVER, Sept. 5.—More than a score of persons injured in a wreck on the Burlington railroad late last night at Bush, Col., eighty-eight miles east of Denver, were brought to this city today and placed in St. Luke's hospital. Four persons were killed in the accident and several of those injured may die.

The dead: ALBERT WHITTAKER, Chillicothe, Mo.; M. McORMICK, Chillicothe, Mo.; J. VAUGHAN, colored porter, Philadelphia; JOHN LINDSAY, colored cook, Philadelphia.

Fast freight No. 77, westbound, going at the rate of about twenty miles an hour, crashed into the rear Pullman car of a section of passenger train No. 13, the St. Louis flyer, which had stopped to take water. This car was telescoped and split through the middle. A tourist Pullman car, a chair car and five freight cars were also wrecked.

The persons killed were in the rear Pullman and many of the injured were in the tourist car. Among the occupants of the rear Pullman were the officers of the Red Mountain company and capitalists from the East bound for Western Colorado and Utah to inspect mining properties.

E. A. Mellin, engineer of the freight train, stuck to his post until the crash came, but was not seriously injured. The responsibility for the collision has not yet been fixed.

PIRATE SCHOONER OF BERING SEA

CAPTAIN McLEAN'S CARMENCITA CAME INTO PORT.

Hunters Deny Having Raided the Pribyl Islands—Vessel May Be Seized.

VICTORIA, Sept. 5.—The sealing schooner Carmencita arrived at Clayoquot on Sunday with 373 skins, which were sent to Victoria. The steamer Queen City, arriving this afternoon had on board several hunters of the schooner who deny that a raid was made on the Pribyl island.

Captain Thomas, who is stated to have been in command with Captain McLean as navigator, died on August 23d when leaving Bering Sea, and was buried in the North Pacific on August 23d.

United States Consul A. E. Smith this afternoon telegraphed to Admiral Goodrich, now at Port Angeles, and a vessel may be detached to seize the schooner Carmencita now at Clayoquot.

Collector of Customs Newberry of Victoria has wired the customs officer at Clayoquot to hold the schooner. This afternoon he seized the skins shipped to Victoria by the Queen City.

PROVISIONS OF PEACE TREATY

SUMMARY OF THE TERMS AS AGREED TO.

Authoritative Version of the Conditions By Which the Two Empires Are Bound.

PORTSMOUTH, Sept. 5.—The peace treaty opens with a preamble reciting that his majesty, the emperor, and autocrat of all the Russias; and his majesty, the emperor of Japan, desiring to close the war now subsisting between them and having appointed their respective plenipotentiaries and furnished them with full powers, which were found to be in form, have come to an agreement on a treaty of peace and arranged as follows:

Article 1.—Stipulates for the re-establishment of peace and friendship between the sovereigns of the two empires, and between the subjects of Russia and Japan, respectively.

Article 2.—His majesty, the emperor of Russia, recognizes the preponderant interest from political, military and economical points of view of Japan in the empire of Korea and stipulates that Russia will not oppose any measures for government, protection or control that Japan will deem necessary to take in Korea, in conjunction with the Korean government, but Russian subjects and Russian enterprises are to enjoy the same status as the subjects and enterprises of other countries.

Article 3.—It is mutually agreed that the territory of Manchuria be simultaneously evacuated by both Russian and Japanese troops. Both countries being concerned in this evacuation, their situation should be absolutely identical. All rights acquired by private persons and companies shall remain intact.

Article 4.—The rights possessed by Russia in conformity with the lease by Russia of Port Arthur and Dairen, together with the lands and waters adjacent, shall pass over in their entirety to Japan, but the properties and rights of Russian subjects are to be safeguarded and respected.

Article 5.—The governments of Russia and Japan engage themselves reciprocally not to put any obstacles to the general measures (which shall be alike for all nations) that China may take for the development of commerce and industry of Manchuria.

Article 6.—The Manchurian railway shall be operated jointly between Russia and Japan at Kowang Tung Tse. The two branch lines shall be employed only for commercial and industrial purposes. In view of Russia keeping her branch line, with all rights acquired by her convention with China, for the construction of that railway, Japan acquiesces in the connection with such branch lines which fall to her. However, the rights of private parties or private enterprises are to be respected. Both parties to this treaty remain absolutely free to undertake what they deem fit on expropriated grounds.

Article 7.—Russia and Japan engage themselves to make a conjunction of the two branch lines which they own at Kowang Tung Tse.

Article 8.—It is agreed that the branch lines of the Manchurian railway shall be worked with a view to assure commercial traffic between them without obstruction.

Article 9.—Russia cedes to Japan the southern part of Sakhalin island as far north as the fiftieth degree of north latitude, together with the islands depending thereon. The right of free navigation is assured in the bays of La Perouse and Tartaria.

Article 10.—This article recites the situation of Russian subjects on the southern part of Sakhalin island and stipulates that Russian colonists there shall be free and shall have the right to remain without changing their nationality. Per contra, the Japanese government shall have the right to force Russian colonists to leave the territory which is ceded to Japan.

Article 11.—Russia obligates herself to make an agreement with Japan giving Japanese subjects the right to fish in Russian territorial waters of the Sea of Japan, the Sea of Okhotsk and Bering Sea.

Article 12.—The two high contracting parties engage themselves to renew the commercial treaty existing between the two governments prior to the hostilities, with slight modifications in details and with a most favored nation clause.

Article 13.—Russia and Japan reciprocally engage to retribute their prisoners of war on paying the real cost of keeping the same, such claim for cost to be supported by documents.

Article 14.—This peace treaty shall be drawn up in two languages, French and English, the French text being evidence for the Russians and the English text for the Japanese. In case of difficulty of interpretation, the French document is to be final evidence.

Article 15.—The ratification of this treaty shall be countersigned by the sovereigns of the two states within fifty days after its signature. The French and American embassies shall be intermediaries between the Japanese and Russian governments to announce by telegraph the ratification of the treaty.

Two additional articles are agreed to as follows:

Article 1.—The evacuation of Manchuria by both armies shall be complete within eighteen months of the signing of the treaty, beginning with the retreat of the troops of the first line. At the expiration of eighteen months, the two parties will only be able to leave as guards for the railway fifteen soldiers per kilometer.

Article 2.—The boundary which limits the parts owned respectively by Russia and Japan within the Sakhalin island shall be specially marked off on the spot by a special limnographic commission.

POMONA'S FIGHT ABOUT TELEPHONES REACHED THE COURTS.

LOS ANGELES, Sept. 5.—The acrimonious fight between the city of Pomona and the Sunset Telephone & Telegraph company, which has been waged for weeks past, a feature of which has been the cutting down of several miles of posts and wires of the telephone company by the rate payers of Pomona, reached the United States court today when Judge Ross, sitting in this city, granted temporary injunction against the city of Pomona and cited the city officials to appear and show cause why the injunction should not be made permanent. September 18 was set for the date of hearing.

Insurrection in Albania.

CONSTANTINOPLE, Sept. 5.—Four more battalions of Bashi-Bazouks have been called out to join the Third army corps, because of the hostile attitude of the Albanians in certain districts of Albania and the activity of insurgent bands, especially Greeks, in Macedonia.

ST. PETERSBURG, Sept. 5.—Fighting continues between the Cossacks and the troops at Baku, Caucasus. Many of the oil fields are in flames. Reinforcements have been sent from Tiflis.

NEW YORK VILLAGES SUFFERED GREAT LOSS IN SUNDAY'S STORM.

UTICA, N. Y., Sept. 5.—Reports are coming in from some of the villages in Chenango and Otsego counties which indicate that the "hood" of Sunday was much more extensive than at first reported. In ten of fifteen townships probably not far from 150 highway bridges have been swept away. Some of these were large and expensive structures. Not a single bridge remains on the Canadilla alley railroad, running from Bridge-water to New Berlin. Much of the road bed has been washed away and it will be months before the line will be again in running order. It is impossible for the rural free delivery messengers to make their rounds. Losses running from \$15,000 to \$100,000 in small villages in the eastern part of Chenango and western Otsego are reported.

CHARITY WORKER AND ACTRESS WAS AND RELEASED ON BAIL.

LOS ANGELES, Sept. 5.—Miss Frances Hale, the young and attractive actress and lecturer, who has been incarcerated in the county jail here since last Saturday, following her arrest in Portland, on a charge of having embezzled several hundred dollars from the Door of Hope charitable organization, was released on a cash bond of \$2000. She was indicted by the grand jury on complaint of the Door of Hope and the Merchants and Manufacturers association of Los Angeles.

ANGELS LEADING FOR THE PENNANT

NO GAMES YESTERDAY IN THE COAST LEAGUE.

Tacoma Occupies the Fourth Place—Detroit Won Two Games from Chicago Americans.

SAN FRANCISCO, Sept. 5.—There were no games in the Coast league today on account of the non-arrival of teams.

Standing of the Teams.

Team	W.	L.	Pct.
Los Angeles	17	12	.588
Oakland	19	15	.558
San Francisco	17	15	.531
Tacoma	16	16	.500
Portland	15	18	.455
Seattle	11	19	.367

American League.

At Detroit.—Detroit, again won a double header from Chicago, making four games in two days. Manager Jones of the Chicago received notice of his indefinite suspension. Attendance, 2500.

Score: First game—R. H. E.
Detroit.....6 13 1
Chicago.....5 8 1

Batteries—Donovan and Drill; Altrock and McFarland.
Second game—R. H. E.
Detroit.....3 10 3
Chicago.....2 10 3

Batteries—Cicotte and Warner; Walsh and Sullivan.

At Cleveland.—Cleveland was shut out again by St. Louis today, its weakened team being unable to hit Peltz. Rain held the attendance down to 225. Score:

St. Louis.....6 3 4
Cleveland.....0 0 0

Batteries—Hess and Clarke; Peltz and Roth.

At Boston.—Vandell allowed two hits in five innings, but his team went to pieces in the ninth and Boston tied the score. In the thirteenth a base on balls, tall's sacrifice and Collins' hit gave the locals the winning run. Score:

R. H. E.
Boston.....3 3 1
Philadelphia.....2 10 2

Batteries—Winter and Criger; Waddell and Schreck.

At Washington.—Timely hitting by the visitors, coupled with bases on balls and errors of the locals, gave New York today's game. Attendance, 3800. Score:

Washington.....4 12 4
New York.....6 9 1

Batteries—Hughes, Falkenberg, Heydon and Knoll; Chesbro and McGuire.

National League.

At St. Louis.—St. Louis and Cincinnati broke even in a double header, both contests being favored by heavy hitting. Both games were postponed affairs. Attendance, 1500. Score:

First game—R. H. E.
St. Louis.....5 10 1
Cincinnati.....12 15 0

Batteries—McFarland and Grady; Cheel and Schlei.

Second game—R. H. E.
St. Louis.....6 12 0
Cincinnati.....2 8 1

Batteries—Taylor and Grady; Von Winkle and Schlei.

At Pittsburgh.—Reulbach's wildness in the first inning practically put his team out of the running. He gave two bases on balls and hit two batsmen. The game was draggy throughout. Attendance, 2600. Score:

Pittsburgh.....6 8 3
Chicago.....4 6 2

Batteries—Lynch and Gibson; Reulbach, Lundgren and O'Neill.

At Philadelphia.—In a poorly played game here today the home team won from Brooklyn through the latter's error and Stricklett's wildness. Attendance, 2000. Score:

Philadelphia.....7 4 4
Brooklyn.....3 12 4

Batteries—Nichols and Dooin; Stricklett and Ritter.

MARRIED AGAIN

SIMPLE CEREMONY IN ST. MARGARET'S, WESTMINSTER.

Only Small Congregation of Friends and Members of the Embassy in Attendance.

LONDON, Sept. 5.—Marshall Field and Mrs. Arthur Caten of Chicago were united in marriage at noon today at St. Margaret's church, Westminster. Canon Herbert Hensley-Henson of St. Paul's cathedral, assisted by the Rev. Samuel Kirshbaum of St. Margaret's performed the ceremony. The church was closed to the general public, and only a small congregation, composed of immediate relatives of the couple, and Ambassador and Mrs. Whitelaw Reid and the staff of the American embassy, witnessed the ceremony.

The groom, who was supported by his son, Marshall Field, Jr., arrived at the church promptly at noon and was followed immediately by the bride. She was accompanied by Augustus Eddy and wore a very handsome costume of grey chiffon, trimmed with point lace and a large picture hat with ostrich feathers. With the exception of two immense bouquets of lilies on either side of the altar, the church was not decorated.

After the simple ceremony of the Church of England, the bridal party retired to the vestry, where the signing of the register was witnessed by Secretary Carter, Augustus Eddy, and Marshall Field, Jr., and where Mr. and Mrs. Field received the congratulations of their relatives and a few friends. On leaving the church the party went to Claridge, where the wedding breakfast was served. Those present were Mr. and Mrs. Whitelaw Reid, Ridelgey Carter, Mr. and Mrs. Marshall Field, Jr., Mrs. Beatrice, Mr. and Mrs. Augustus N. Eddy, Katherine Eddy, Spencer Eddy, Helen Birch, Mr. and Mrs. J. N. Field, Mr. and Mrs. Dibles and Mr. and Mrs. Crossley.

Mr. and Mrs. Field will spend a short honeymoon in Europe, returning to America in a month's time.

THE WEATHER.

SAN FRANCISCO, Sept. 5.—Showers are reported in the valley of the Colorado with thunderstorms at Flagstaff and Modena. No rain has fallen in California. The temperature continues about normal along the coast with afternoon temperatures in the interior ranging from 80 to 88 degrees.

The following high winds are reported: North E. 32, northwest; Point Reyes, 45, northwest; Farallones, 45, northwest; Modena, 32, north.

Forecast:

San Francisco and vicinity: Fair Wednesday, with fog in the morning, brisk west winds.

Los Angeles and vicinity: Cloudy Wednesday, possibly thunderstorms in the morning; light east winds, changing to westerly.

Sacramento valley: Fair Wednesday, light south wind.

San Joaquin valley: Fair Wednesday, light north wind.

Coast: Fair Wednesday with fog in the morning; brisk west wind.

Nevada: Fair Wednesday.

Ensign Wade Operated Upon.

VALLEJO, Cal., Sept. 5.—Ensign Charles T. Wade, of the cruiser Bennington, who has been summoned to appear before a court martial in connection with the recent explosion on the Bennington, was operated on tonight at the naval hospital for appendicitis. The operation was successful and Ensign Wade's condition is said to be favorable.

Excellent fishing in Sacramento river flowing through the grounds. Seven Shasta Soda Springs on place. Plunge swimming baths. Service in Tavern perfect, and rates from \$12 per week up. Families and parties on special terms.

NEW BILL AT PARK.

A Performance This Week of Distinct Merit.
An unusually large crowd of first nighters attended the park theater last night and thoroughly appreciated the really excellent bill, from beginning to end. The cast is without doubt one of the best that ever appeared at that popular open air theater, and the selections were all bright and entertaining.
The performance of the Cox family said to be one of the best juvenile quartets in the world, was easily the most pleasing feature of the evening's entertainment. Their first song, "Dear Old Girl," was particularly good, and brought a storm of applause from the appreciative audience. They were forced to respond to a number of encores before the delighted audience would allow them to quit the stage.
Ward Spencer, a very clever monologist, proved himself one of the best entertainers that have visited Fresno in a long time. He unfolded a bundle of new jokes that kept the audience roaring with laughter during his stay on the boards. His Chinese specialties were a new feature of entertainment to a large portion of the audience, and proved highly entertaining.
Freeman and Clark, black face comedians, did a very clever turn in the song and dance line, and were accorded their share of the applause. Freeman's buck-and-wing dancing was especially enjoyed.
Miss Cora Hoon, the favorite soprano, sang a very pretty descriptive song, and a new series of moving pictures, showing an exciting chase after an escaped lunatic, concluded the performance.
Taken all in all, the bill was in every respect one of the best that have been staged at the park this season, and no lover of clean, bright vaudeville should fail to see it.
A special train for the park leaves Mariposa and J streets nightly, except Monday, at 8:00 o'clock.

NEW YORK, Sept. 5.—Hamilton Kipp, United States minister to Bangkok, Siam, called for women today on the Kaiser Wilhelm der Grosse. He carried a message of felicitation to the king of Siam from President Roosevelt on whom he called yesterday.

SCHOOL ESTIMATES

CITY DEPARTMENT WILL COST \$73,000 FOR TERM.

Parental School Included in Budget—
Teachers Apply for Leaves of Absence—Janitors Not Elected.

The Board of Education met last night in the office of the City Superintendent of Schools. The meeting was of short duration as A. B. Clark was not present and considerable business had to be laid over till the next meeting, which will probably be Friday afternoon. The other members of the board, Holland, Smith, Dismukes and Thompson were present with C. L. McLane acting as secretary.
A communication was received from A. J. Armstrong, asking to be released as a principal in one of the city schools. This request was granted. Word was also received from Miss Lottie G. Walton, asking for an indefinite leave of absence. Her grandfather is very sick and she has to attend to him. Her grandmother died last week in San Francisco and it keeps her constantly at her grandfather's bedside. Miss Hattie Adams asked for a two months' leave of absence on account of sickness and the board granted her request.
The report from the finance committee was not ready, so it was laid aside until the next meeting. The financial estimate for funds needed to maintain the public schools of Fresno for the coming year are as follows:
High School \$11,750
Janitors 1,000
Supplies 250
Total \$13,000
Funds for maintaining the elementary schools:
Teachers \$25,000
Janitors 5,000
Wood and coal 1,200
Supplies 5,000
Additional accommodations 7,000
Furniture and repairs 5,000
Assistant Secretary salary 600
Total \$50,000
Funds for building and maintaining a parental school:
Purchase of site \$2,000
Erecting building 6,000
Equipping 1,500
Maintaining 500
Total \$10,000
Exclusive of teachers salaries and regular school supplies.
The grand total estimate of the entire city school district for funds needed is \$73,000.
The selection of janitors was next discussed and Holland thought best to lay this over till the next meeting as Clark was absent and ought to have some say on the selections.
Dismukes and Smith were for proceeding with the appointments as it is drawing near to the opening day of school and the janitors would have some cleaning up to do before then. Smith then made a motion to proceed with the selection of janitors which was seconded by Dismukes. The vote was two and two, and the motion was lost.
M. Billy appeared before the board in regard to the proposed opening of the deaf and dumb school. He asked if he should get together five children and the board of school directors would tell him if it would do so, and he suggested Miss Appleburgh as teacher. This was also approved by the board.
Miss Grace Randall was selected as assistant secretary to the City Superintendent of Schools with a salary at \$50 a month.
The board will meet again Friday afternoon, when the selection of janitors and a principal for the Hawthorne school will come up.

PERSONAL MENTION.
Captain C. C. Smith and wife of Washington colony have returned after an extended trip in the East. They visited Mrs. Smith's former home in New York, and the captain did business in New York. The new friends of C. K. Renfro will be pleased to know that he is able to be about again, after an illness of about five weeks.
J. O. Colwell, formerly of this city and now in business in Los Angeles, was in Fresno yesterday.
Miss Violet Shepard has returned from a pleasant vacation spent in and about Shaver. She will be on leave for her home in San Jose, where she will spend a few days visiting friends and relatives.
George A. Sanderson came down from Oculendene yesterday, where he had been for the past four months.
Mrs. J. D. Marlar and children of Phoenix, Arizona, are here visiting with Mr. Marlar's sisters, Mrs. Owen Kellogg, Mrs. R. M. Hartman and Mrs. T. S. Shields. Mr. Marlar is expected to arrive in a few days to make the return trip with his family.
E. Gottschall returned yesterday morning from his Eastern trip. He spent two days at the Portland fair on the way East via the Northern Pacific.
Dr. J. B. Hines and sisters, Mary and Alice Hines, have returned from a two weeks' vacation at Deer Creek Hot Springs.

W. C. T. U. Debate.
Instead of the regular meeting of the W. C. T. U. this afternoon there will be a debate. The meeting will be at the Y. W. C. A. rooms and will begin at 2:30 o'clock. The subject is: "Resolved, that our single women have done more for humanity than their married sisters." Mrs. G. A. Garrett and Mrs. Anna M. Dero will maintain the cause of the spinsters. While Mrs. W. H. Smith and Mrs. H. W. Peck will combat their contention.

BOMB THROWERS ATTEMPTED OUTRAGE ON FINNISH POLICE.
HELSINGFORS, Finland, Sept. 5.—A bomb was exploded at 3 o'clock this morning outside of the head police office. Nobody was hurt and three persons concerned in the explosion escaped in the darkness. All the windows of the police office and also those of the adjoining buildings were smashed. The bomb was filled with pieces of roughly cut iron, each long. Chief Policeman Kulva was violently thrown to the floor by the explosion.

Taggart Divorce Hearing.
WOOSTER, O., Sept. 5.—Witnesses on behalf of Major Taggart were called in court here today to rebut evidence offered in behalf of Mrs. Grace C. Taggart, in their divorce suit. Depositions from many officers were read to show that the alleged quarrel between the Taggarts at Fort Caveworth did not occur.

School Opens Sept. Eleventh

She Says to Him:

Do you know there is a big school supply sale going on at

Louis Einstein & Co.

He didn't, but does now, so he will be happy in that knowledge and take advantage of it.

He is Wise

SUPERIOR COURT

TWO MEN GET SHORT TERMS IN
SAN QUENTIN.

Suit Against Ostrander's Interest in
Anderson Judgment Falls—
Other Civil Matters.

Two men charged with felony yesterday concluded to plead guilty in the Superior court and take their chance of light sentences. The first was James Sullivan, 32 years old, who has been a cattle dealer in a small way, and has no relatives in this state. He was charged with attempting to rob a fellow in the Acme saloon on the night of July 28th, where he was caught by the bartender before he got anything.

When brought before Judge Church, he declared that he had not intended to rob the man, but had merely shook him, when he was drunk. The court gave him two years in San Quentin.

Herman Henze, charged with burglary from Firebaugh, also pleaded guilty, feeling that he was up against a hard proposition. He had entered the house of W. E. Greenwood in San Benito just across the county line on August 3th, but had not got anything. He was given one year in San Quentin.

The Civil Calendar.

A large number of civil cases came up for setting yesterday before Judge Church. The appealed suit of Joe Imperatore, a barber, against the Ancient Order of Foresters for sick benefits was indefinitely postponed.

Motions for new trial in the cases of Christine E. Williams against J. H. Powell and the estate of Big Jim were set for hearing upon September 13th.

Suits were set for trial as follows: Mark Lester against the Selma Land company, October 8th.

Mary Baldwin against William H. Baldwin, September 22nd.

J. F. Carlson against Otto Hagfeld, September 23rd.

Joel Chamberlain against William M. Chamberlain, October 4th.

W. C. Dillingham against Carl & Sample, October 3rd.

Judgments Entered.

The suit of O. J. Woodward against W. A. Caruthers and others came up for hearing. The complaint asked for judgment upon a balance of a promissory note, amounting to \$821.80. The defendants having defaulted, the court decided for the plaintiff.

Judgment was given for the plaintiff in the suit to quiet title of Minerva Cobb against J. W. Peter as the executor of the Birkhead estate.

The court decided that the note upon which G. Garibaldi of Merced had brought suit against F. G. Ostrander had not been properly transferred from the Ostrander-Garibaldi company to Garibaldi, and therefore that E. A. Williams, to whom the claim had been assigned, had no standing in court. Judgment was for the defendant.

In the attempt to have the order substituting S. L. Carter for Smith & Ostrander as attorneys for E. E. Anderson revoked, the latter firm failed in their case and the original orders stand.

Suit to Quiet Title.

S. H. Curtis brought suit against Rosina Imperatore and Spiron Imperatore to quiet title to lots 13 and 14 in block 6 of Orchard Hill addition to Fresno.

Progress in Civil Matters.

The demurrer of Emil Grunig against the suit of George E. Whitaker was overruled, with ten days to answer.

The title of the plaintiff for a new trial in the suit of Sonia Wiener against H. Grall & Company was denied.

In the suit of O. B. Reed against the Southern Pacific company, defendant's demurrer was submitted and taken under advisement.

A demurrer was submitted in the suit of P. R. Leunhart against the California Wine association and an answer and cross complaint to the suit for divorce brought against her by George W. Hass, Ed. Hertwick and J. W. Dumas, demurred to the suit brought against them by Julia Javovich.

The plaintiff demurred the suit of H. Schell against Ethel O'Brien. This was an attachment suit brought by Schell against his daughter for wages.

Default of plaintiff was entered in the suit of Henrietta G. Jady against J. T. Culp.

Probate Matters.

Sale of personal property from the T. J. Hay estate by Anna E. Hay to the Fresno Flume and Irrigation company, William Ockenden and A. J. Anderson was confirmed.

E. R. Church was appointed administrator of the Carrie E. Hickok estate.

Edward A. Elliott, having completed his duties as administrator of the Maurice C. C. Lewis estate was discharged.

Letters of administration for certain long standing interests in the John Norris estate were granted to E. M. Harris, who filed bond.

J. W. Potter was reappointed executor of the R. S. Birkhead estate to clear up certain matters pending.

Hearing on the Lizzie Fay estate was continued to September 18th.

A BRUTAL FATHER.

Will Be Tried at Sanger this Morning on a Charge of Battery.

Attorney Dante R. Prince takes this morning for Sanger where he will make the prosecution of one E. R. Bullock on a charge of battery. Mr. Prince goes both to represent the district attorney's office, and to act for the Society for the Prevention of Cruelty to Children.

THE POLICE COURT.

Choice Bunch Up Before Judge Briggs Yesterday.

Judge Briggs had a very busy day yesterday in the police court. Vags, drunks and boxer tourists all looked the same to him and he handed out the dope in small packages.

The first man to face him was Jake Nichols. He claimed to be a good grape picker and was given a couple of hours to leave town and find a job. If he returns inside of thirty days, he will have to work in the vicinity of the county park.

Francisco Morales, a vagrant, who could not understand English, was given thirty days in the county jail.

A Perrio was fined \$10 for being drunk Sunday night. Carl Litzendine took five days on the lawn mower in preference to paying any hard earned money into the treasury. He got drunk Monday and thought the town belonged to him.

William Smith, a drunk, came in from Firebaugh a few days ago and proceeded to tap the keg. He got more than he could easily carry and was taken to jail to sober up. Yesterday the judge told him that if he would leave for home immediately he could travel so travel he did. If he shows up inside of thirty days, its up to him to do time.

John McDonald, a drunk, was turned out provided he would leave town and groom grapes. W. J. Heavy, a blind baggage tourist, was sent on his way rejoicing.

Wing Long Yung, a Chin, was caught selling vegetables and chickens without a license. When he appeared before the judge yesterday morning he told his tale of sorrow but it had no effect. He said, "Me sell vegables and chicken on flitid, no gettie no money to pay license; when I ketchum monney I pay, alrighly judge." Pliceman Welch, he catchum no wagon and chickens and he no feedy, me likee feedy." The judge thought that Welch was able to care for the Chin's horses and chickens for a while, so gave the offender ten days.

Pat Brady and Tom Grady, drunks, each got five days sweeping the lawns in the park.

Frank Simonich was turned loose as he wanted to pick fruit.

Wm. Nichols, a notorious vag, was sentenced to forty days in jail.

Justice Court.

Geo. Homer and John Clark, who were arrested Sunday for an assault to commit murder on the person of P. Y. Jonqu, were held for a preliminary hearing yesterday before Justice of the Peace G. W. Smith and their bail was fixed at \$2000 each.

Frank Johnson and Robert Fitz, vags, appeared before Justice of the Peace G. W. Smith and their bail was fixed they were hard working men, but very unfortunate of late and promised to leave for the grape patches immediately, so he turned them loose.

A DAYLIGHT TRIP

Through San Joaquin Valley in Parlor

Travelers on the Southern Pacific may now see the great San Joaquin valley by daylight while riding through it in comfortable parlor cars. These new and finely furnished cars are carried on train No. 84, the Bakersfield Passenger, which leaves San Francisco daily at 8.30 a. m., arriving at Bakersfield 6.05 p. m., and on train No. 85, leaving Bakersfield 7.30 a. m., arriving at San Francisco 4.50 p. m. These cars have large windows and easy cushions, and the daylight trip enables the traveler to see all the great valley.

Easy Money.

Every student given a chance to make the price of schoolship in cash. No colling and but little work required. It will pay you to ask about our great co-operative plan. The Fresno Business College, Fresno, Cal.

To Our Customers.

GRASS IS A MENACE

HORTICULTURAL COMMISSIONER

REPORTS TO SUPERVISORS.

County Physician Makes Report for

August—Supervisors Considering

Bills of Two Months.

Horticultural Commissioner Fred

Schell yesterday filed his report for August with the clerk of the Board of Supervisors. The report is brief, relat-

ing principally to the condition of the fruit crop. Of principal importance is the commissioner's statement about the advance of Johnson grass upon the agricultural interests of the county.

Warnings about the alarming necessity of the farmers taking a stand against this vegetable pest have been repeatedly made, but with comparatively little effect. No prosecutions have been called for under the law condemning persons negligent about letting this grass grow. This is the time of year in which the grass can best be checked, and the warning of the commissioner is very timely.

GRASS IS A MENACE

HORTICULTURAL COMMISSIONER
REPORTS TO SUPERVISORS.

County Physician Makes Report for
August—Supervisors Considering
Bills of Two Months.

Horticultural Commissioner Fred Schell yesterday filed his report for August with the clerk of the Board of Supervisors. The report is brief, relat-

ing principally to the condition of the fruit crop. Of principal importance is the commissioner's statement about the advance of Johnson grass upon the agricultural interests of the county.

Warnings about the alarming necessity of the farmers taking a stand against this vegetable pest have been repeatedly made, but with comparatively little effect. No prosecutions have been called for under the law condemning persons negligent about letting this grass grow. This is the time of year in which the grass can best be checked, and the warning of the commissioner is very timely.

Horticultural Report.

The drying and curing of peaches is about finished with a short crop, now in the hands of the merchants at prices satisfactory to the growers. The curing of the main crop has started, the results where the grapes have been picked show the shortage will be considerable more than was anticipated.

The increase of Johnson grass is so marked that unless action is taken for its eradication it will soon not only be an expense but a menace to agriculture in some of our most favored sections.

Our inspections are mostly confined at present to field assistance to the state board and the university.

The local nurseries have been inspected and a fine state of excellency found.

Hospital Report.

The supervisors also received a report from Dr. T. N. Sample, the county physician.

The report showed that at the beginning of August there were 138 inmates in the hospital and sixty-seven in the almshouse. During the month, fifty-five patients were admitted to the hospital and eight to the almshouse; nine died from the first and two from the second; sixty-one were discharged from the former and sixteen from the latter; leaving fifty-six in the hospital and fifty-five in the almshouse.

The expenses of administration were \$794.33; of supplies, \$1802.86. Receipts from pay patients amounted to \$1055.00. Assistance given in the poor farm was charged at \$124.60, while produce amounting to \$0115.31 was acknowledged.

Board Meeting.

The board met at 10 o'clock in the morning with all the members present. The entire day was taken up with the consideration of bills, and no minute orders of any sort were entered. As there was no meeting in August, bills for two months must be audited.

Applications for liquor licenses have been received by the board from J. N. Peary of Coalinga, J. P. Barrett in Parlin colony and E. M. Walker and J. A. Brattin of Millwood. A protest filed by H. Sumida at Fowler, signed by W. M. Gilfill, C. V. Peterson, E. B. Streeter, Jesse D. Pritchard, J. S. Manley, P. E. Hutchinson, E. M. Allison, Roy Giffin, John H. Weinberg, W. B. Gillespie and J. H. Sloan.

PERSONAL MENTION.

Mrs. Lewis H. Smith and children returned from Santa Cruz last night. E. S. Bruce and F. E. Ohlstedt, of the bureau of forestry, are at the Hughes.

Rev. J. D. Brown returned last night on the Owl from his summer vacation.

Mrs. George L. Hoxie was a home-comer on last night's Owl. She had been at the coast.

Linwood Keller of San Francisco came down on the Owl last night to visit his brother, Dr. Norman D. Kelley.

John Albin, a former Fresno man, has been in San Francisco for several years; has returned to Fresno to go into business here.

Baptist Young People Met.
The Baptist Young People's union held a business meeting and social last night at the home of Mr. and Mrs. J. L. Reeder. About thirty were present and the time was passed with music and games.

BORN.
HARVEY—In Fresno, September 5, 1905, to the wife of William Harvey, Jr., a son.

Sequoia Cafe.
Fresno's finest, best service and cuisine.

Near the Great Salt Lake in Utah all the farmers are planting almond trees because they think on account of the soil they will get big crops of salted almonds.

It's Going to be a Busy Fall in the Furniture Business

Prosperity abounds!
Everybody's going to have lots of money pretty soon.

Already we notice greatly increased business in our line, the result of good prices for crops of all kinds and the great confidence everybody has in Fresno county.

We've prepared for a record-breaking trade this fall—our stocks of fine furniture, carpets and matting, etc., are full and up to date.

Fairest prices and most liberal treatment. Come see!

TRUSTEES SIT TILL MIDNIGHT

Adopt Hoxie's \$175,000 Sewer Plan—Rat of Other Business

It was 12:20 o'clock this morning before the adjournment of the regular meeting of the Board of Trustees. In spite of a lot of debate, a great deal of work was gotten through with. The city attorney was directed to prepare resolutions of intentions and ordinances for the submission to the people of bonding propositions covering the sewer system and city hall propositions. The appointment of H. H. Welsh as police and fire commissioner was confirmed. Rules for the future government of the board were submitted for the examination of the members, and City Attorney Ewing made report of a bunch of ordinances, the most important of which was one establishing new rules for the plumbing work of this city. All the matters relating to the question of reforms in the "across the track" district were passed over by the mayor as belonging to the province of the police commission.

City Gets a Gavel.
As soon as the minutes had been read, the mayor, noticing a number of ladies present, suggested that the routine be dispensed with until after the public was heard from.

Mrs. Mary Fletcher, Norwood then rose to introduce to the city fathers Mrs. Robert Ballagh, president of the W. C. T. U. of Fresno. Mrs. Ballagh addressed the mayor, saying that the W. C. T. U. was in hearty sympathy with the present administration. She hoped that the gavel the union was presenting to the city would always be wielded in the interest of righteousness, justice, mercy and temperance. "We know that this will be so for we are praying that it will be so."

Mrs. Norwood now put the gavel in the hands of Mr. Lyon, who smilingly acknowledged the gift. "I thank you ladies very much. I am afraid some of you have been under a misapprehension with regard to my attitude upon these matters. In fact, I'm told that when I was invited to speak before the W. C. T. U. convention, some of the ladies feared I should not be in proper condition to address the visitors. Now, while I am not a devotee of the cause, I assure you that I have not drunk a drop since July 29, 1899."

More W. C. T. U. Matters.
Mrs. W. B. Green, also of the W. C. T. U., had passed up to the mayor a copy of the California Voice, a publication of the California W. C. T. U. which had an article on the subject of the "tenderloin" of this city. She wanted the mayor to read the article to the assembled crowd, but after glancing at it he concluded it would not do for a public occasion and passed it over. He also added that the government had some work in California, and that the city should be better equipped in the future if there were less outside agitation.

A \$50 Raise.
The W. C. T. U. had a petition in asking that the city raise its contribution of \$50 for the coming convention to \$100. Mr. Kelsor favored the raise, saying that the advertisement of the city would be a good one. Myers said the city had no power to appropriate any money for the purpose. Collins thought the same, but if any money were to be given, it might as well be \$100. The appropriation was made, the mayor remarking that the gavel was cheap at the price.

Another Pipe Proposition.
E. L. Hollins of the Western Stone company of San Francisco, was on hand to urge the board's consideration of another cement pipe proposition, which he spoke of as reinforced cement pipe. He said that his company would give bond that the pipe would last, and that it would be 15 to 20 per cent cheaper than the salt glazed pipe.

Trustee Shaw was at first in favor of referring the matter to the committee on the investigation, but after some discussion, it was concluded that the board had discussed the various propositions long enough, and in view of the urgency of doing something about the sewer system, had better go ahead, especially as the submitted proposition is not in use anywhere in the United States. The offer was laid upon the table.

Ask for Telephone Franchise.
P. K. Higgins, chief engineer of the Home Telephone Construction company, addressed the board on a petition for a franchise which he had submitted. He said that his proposition was that they would put their wires underground in the business parts of the city, and in the alleys elsewhere; that after two years the city should receive 2 per cent of the gross earnings; and that the city should have the privilege of buying out the company at any time for 15 per cent advance upon the cost of construction. He said the rate charged would be \$4 a month for main lines and party lines proportionately less.

Mayor Lyons stated that in general he had been opposed to putting a second telephone line in town as it would double the expense for the merchants and many others, and the present company was giving the city very good terms. Higgins suggested that the good terms were coming because of the fear of opposition. The matter was referred to the franchise committee.

Police Court Report.
Police Judge Briggs reported that under city ordinances he had collected \$114 in fines during August. This money has been turned into the city treasury. He stated that he was retaining the \$157.50 collected under state laws until such time as the matter of his salary should be settled by the present justices' suit.

Pound Report.
The poundmaster reported the collection during the month of \$32.50 in fines and \$36 in licenses.

License Collector.
License Collector Coleman reported the collection during the month of \$5,488 in licenses. The finance committee approved highly of the form of the license collector's book.

City Engineer.
City Engineer Hoxie reported the collection of fees during August \$128.

Report of Street Superintendent.
Street Superintendent Spawer reported receipts from various sources of \$152.72. "I have accepted the cement sidewalk of Stanislaus street. I have also accepted of Blackstone to alley east of Clark street; H from Kern to Mono street; Ivo from H to J street; J from Ivo to Mono; Cherry avenue from Ivo to Stanislaus; G from Santa Clara avenue south to Ivo limits; O from Stanislaus north to city limits north; I have put in new culverts at X and Ivo, F and Tulare, D and San Benito, Q and Santa Clara, L and Stanislaus, M and Monterey, P and Ventura, E and Ivo, and two at I and Monterey streets. I have repaired three old culverts and put

in several approaches to sidewalks."

City Electrician.
City Electrician McSherry's report showed the issuance of fifty-seven certificates yielding \$88.05 in fees. The labor in the department in installing alarm boxes amounted to \$1,101.05.

Opening McKenzie Avenue.
About a hundred merchants and other citizens had a petition in asking the city to hurry up with the proposition of opening McKenzie avenue from Glenn to Froelich. Referred to the street committee.

Street Lights.
C. L. McLane and others, petitioned for a street light at the intersection of Voorman, Van Ness and K street. Referred to the light and water committee.

Trustee Shaw reported for that committee in favor of installing a light at the intersection of Fresno street with the Southern Pacific railroad. The electric company was instructed to put in the light. A light was also ordered in at G and McKenzie.

Liquor Licenses.
A bunch of a dozen applications for renewals of liquor licenses were read and referred as usual to the mayor and chief of police. F. C. Berry asked that the Grand Central Police be referred to Louis Scholler. Thomas Brown's license for Tulare and G street was ordered transferred to J. F. Townsend.

Sheep in City Limits.
John Bidgway asked permission to sheep off stubble in the west part of town. Denied as contrary to city ordinance.

No Funds for Concerts.
The petition for an appropriation of \$125 for Sunday evening concerts during September and October was read, and referred to the ground that the fund for such purposes was exhausted.

Extension of H Street.
A petition signed by L. Einstein and many others asked for an extension of H street along the railroad to Cherry avenue. Referred to the street committee.

Siding on Ventura Avenue.
A verbal protest to the siding which the street railway is constructing upon Ventura avenue was received. Adjunct property owners said that the track came within three feet of their curb. The matter was left to the franchise committee for immediate action.

Reform Petitions.
Mayor Lyon read the various reform petitions before him by title and then stated that they would be referred to the police commissioners.

He read a formal nomination of H. H. Welsh as police and fire commissioner, vice J. W. French, resigning. The nomination was confirmed unanimously.

City to Use Telephone Conducts.
The formal offer of the Telephone company to permit the city to place two alarm wires in each of the underground conduits was referred to the city electrician.

Street Specifications.
City Engineer Hoxie had prepared and submitted to the board a full set of specifications for government street work. The board, after reading and then on statement from the city engineer, decided that they would have to be put in the form of an ordinance, they were referred to him for drafting.

rect copy for passage. This became law at once, on the affirmative vote of eight men.

Salary of Plumbing Inspector.
An ordinance introduced from committee regulating the office of the plumbing inspector, who is also under the charter sanitary inspector, and providing that he may have an assistant at the pleasure of the board. After considerable discussion, the salary of the principal was fixed at \$125 a month, and the assistant at \$75. The board then proceeded to dispense with Mr. Macdonald's services, who has been acting as sanitary inspector, on the ground of economy, it being considered that at this time of the year the plumbing inspector should do all the work. Later the motion was reconsidered, to give opportunity for consultation with the health board, whose appointee the plumbing inspector is.

Plumbing Ordinances.
The long expected plumbing ordinance was presented by Mr. Ewing in a thick pamphlet of fifty-seven pages. He said that the ordinance was the result of weeks of conference between himself, the health committee, the plumbing inspector and the master plumbers of the city, and should be thoroughly scrutinized by the members of the board before adoption. The matter went over.

The ordinance as submitted is an entire revision of the rules under which the board of health works.

Trustee Shaw said that the matter should be got at very slowly as the rules contain a number of provisions that might be objectionable. He cited the provision for an examination of all who wish to become plumbers here by a committee of master plumbers, saying that this would mean that master plumbers in the town a monopoly. He considered the provision unnecessary if the plumbing inspector does his work.

"Well, gentlemen," said Anderson, "I know that plumbing is more expensive in this city than in any other one in the state, and that it is caused largely by the present rules."

No More Horses.
The report had been made to the board that certain officials who had been reduced from \$25 a month to \$10 a month for horse allowance, had refused to accept anything less than the \$25. After some discussion, all monthly allowances for horse hire, except to the license collector, was dispensed with, it being understood that occasional bills might be allowed.

Dray Licenses.
On motion of Anderson, the license collector was instructed to collect from draymen at the following rates: \$150 a year; eleven to fifteen, \$120; seven to ten, \$80; five and six, \$60; four, \$50; three, \$45; two, \$30; one, \$15; single rigs, \$7.50.

On motion of Shaw, the street superintendent was instructed to clear the curbs of the streets in the western part of town. The board then adjourned.

AGAINST THE ETHICS

COUNTY MEDICAL SOCIETY FROWNS ON "LODGE PRACTICE"

Treatment of Lodge Members or Others for Per Capita Sum Disapproved by Resolution.

The Fresno County Medical Society at its meeting last night put itself on record as opposed to what is known as lodge practice. The treatment of the members of fraternal societies per capita tax, has long been a subject of discussion among medical practitioners and a committee appointed some months ago to report to the society last night. The following resolution was adopted and made a part of the society's records:

Fresno, Sept. 5, 1935.
To the Fresno County Medical Society: Gentlemen—After due consideration of the matter of contract and lodge practice, your committee would respectfully recommend the following:

Resolved, That the ethics of the medical profession and against the best interests of the same, for any member of the profession to contract to lodge or other contract practice, where the compensation is a stated sum per capita.

Signed:—
CHESTER ROWELL,
T. M. HAYDEN,
P. N. RUSSELL,
GEO. H. Aiken.

The meeting was the regular monthly one and was at the residence of Dr. Manson on Kearney avenue. The paper for discussion was read by Dr. R. E. Bering of Tulare on the subject of "Palmar Abscesses." The discussion following showed little difference of opinion as to methods of treatment, all agreeing that early, deep, and free incision and subsequent drainage and cleanliness were essential. The difficulties encountered were the general reluctance of patients to have the pain of the hand or the fingers lanced. The popular delusion that felons or abscesses of the hand must "get ripe" or matter come near to the surface before being opened is the cause of many stiffened fingers and deformed hands.

A committee was appointed to arrange for the entertainment of the San Joaquin Valley Medical society, which will meet in Fresno, October 10th.

The invitation of Dr. G. H. Aiken to meet in his office in October was accepted.

DOWN TO BUSINESS TODAY.

Contracts Between Growers and Packers to Be Signed.

Today will be held the meeting of the packers-growers' packing company and the Mercantile company (the growers' packers' organization) at which time it is expected all the documents will be signed. Vice President Tarpey and Manager Lynch will arrive from San Francisco this morning. The packers and the attorneys will also be on hand.

The Raisin Growers' company is now taking steps to ascertain accurately the size of the crop. The will be of invaluable assistance when it comes to fixing prices. Printed blanks are being sent to each district director upon which the crop of his district is to be recorded. This is to be done by actual canvass. Columns are provided for the different varieties of raisin grapes, and of each variety are to be noted the amount and the estimate of the unpicker.

Coaling Attorney Weds.
Henry S. Richmond, a young attorney of Coalinga and Miss Adella Baird of Fresno were married at 9:30 o'clock last night in St. James' Episcopal church; the Rev. Harvey Hanson officiating. A party of their friends came to attend the wedding. The bride wore a gown of white tulle. Miss Baird is the daughter of Mr. and Mrs. Mabel Baird of Selma. Miss Beck of Kingsburg and Miss M. L. Richmond of Hanford.

DAYLIGHT BURGLAR CAUGHT

W. Rowe, the Plumber, Does Clever Piece of Detective Work

W. Rowe, the plumber, made a neat catch of a burglar last evening.

Shortly before 9 o'clock Mrs. J. J. Anderson, wife of Rowe's partner, living the second house from the Rowe residence at No. 441 Van Ness avenue, noticed a man coming out of the Rowe home. The family was away, and Mrs. Anderson telephoned to the store.

Messrs. Rowe and Anderson rode out to the house at once. Mrs. Anderson gave a good description of the young fellow, only stating that he wore a brown suit when he had on gray clothes. Rowe and Anderson rode around the block and at G. M. Boles' corner saw a young man waiting for a car. He answered the description accurately, only he wore a gray suit.

Rowe asked him if he was a stranger and he replied that he was.

The plumber then asked him what he was doing in the neighborhood and he replied that he had gone into the corner house to inquire about his uncle.

Rowe felt that he had the right man, and told him he would have to go back to his house for identification. Anderson's presence lent additional persuasion and although the burglar was armed with Rowe's pistol, he went along without objection. Mrs. Anderson identified him.

At first the housebreaker denied doing in the Various Lodge Rooms Last Night.

Pitachos Trifle, Improved Order of Red Men, held a very interesting meeting last night and John McSherry was taken through the mysteries of the adoption degree, and W. H. McKenzie initiated into the three degrees of the order. Two applications for membership were received, but laid aside on account of the medical examination papers not being attached.

Notice was received from the Great Keeper of Records appointing H. E. Harboure as deputy grand sashon. Notification was also given that the grand council had selected a drill master, who would tour the state, visiting all the tribes and inspecting the drill teams.

Order of Workmen.
The Ancient Order of Workmen had installation of officers last night as follows: Foreman, H. C. Whitlock; guide, D. A. Webb; inside waterman, T. A. Hecker. Refreshments were served after the installation and the members enjoyed themselves with music and dancing for the rest of the evening.

W. O. W.
The Woodmen of the World had a well attended meeting last night and received applications for membership from three persons. George Andrews told of his trip to Yellowstone Park. After the meeting refreshments were served.

United Artisans.
The United Artisans had a very pleasant meeting last night. The chief business was the preparing of a welcome for the returning officers next Tuesday.

Some by that time are Mrs. Lottie Kohler, field commander; C. M. Shannon, treasurer; Mrs. C. E. Turner, inspector; Miss Winifred Sweet, musician. A committee was appointed to arrange an entertainment and social. The committee consists of Mrs. Emma Summers, Mrs. Maggie Smith and Mrs. Lizzie Boyd.

LIBRARY TRUSTEES.
Lawn Sprinkling Endangers Wall of Odd Fellows Building.

At the meeting of the Board of Library Trustees last night a number of routine matters were considered. There was a full board present, with the exception of Secretary Coates.

A complaint of the Odd Fellows received the attention of the board. The water applied to the library lawn seeps through the wall of the Odd Fellows building, weakening it. Trustee Boles told of a conversation he had with W. B. Holland of the Odd Fellows Hall association. As the sprinkling season is nearly over no action was taken.

Trustee Boles has in charge the equipping of a juvenile department and he reports progress in the work. Trustee Boles made a similar report in regard to lights. The board is working for cheaper lights.

President Thompson reported receiving bids on a list of books. The book committee was authorized to purchase the books from the lowest bidder.

Mart Thomas, who has a large number of the files of the Expositor, agreed to present them to the library if the board would pay for collecting them and putting them together. Thomas' offer to do the work for \$20 was considered very reasonable, and the matter was referred to the book committee.

An amusingly bombastic proposition was received from Col. Bragg to give a spectacular production of "Alice in Wonderland" on a per centage basis for the benefit of the library. Nothing doing.

The librarian's report was received and bills allowed.

A Benefit Dance.
The Musicians' union and street railway employees will give a dance tonight for the benefit of Jack Taaffe, who was poisoned about a month ago from something he had eaten. He has not been able to do anything since that time. His wife also took sick about two weeks ago and had to be sent to Santa Cruz, with a trained nurse in attendance. He also has four children of tender years to support.

MILLIONAIRE'S WIFE NURSED A WORKMAN.
NEW YORK, Sept. 5.—Applying bandages and soothing lotions with the skill of a trained nurse, Mrs. William G. Gensheim, wife of a member of a family that has made millions in mines, attended to the injuries to a workman who had fallen at her residence, 333 Fifth avenue. The house is being rented to the workman Mrs. Gensheim told his comrades to bring him into the basement, where she treated him herself until an ambulance arrived. The injured man, Richard Kennedy, had suffered a severe sprain of his left leg and ankle.

PORTLAND, Ore., Sept. 5.—The third trial of Congressman J. N. Williamson, charged with subordination of perjury in connection with the Oregon land fraud cases, began today in the United States court here before Judge William Hunt of Montana. Up to adjournment of court tonight eleven jurors had been secured.
